## Clara Escapes in Mexico HARDING COMMITS FLEES WHILE CHOOSES MEN ADMINISTRATION TO POLICE WAIT FOR MEXICAN WORLD COURT PLAN ARREST ORDER CONFERENCE

(BY A. P. NIGHT WIRE)  
NEW YORK, April 24.—Participation by the United States in the World Court as proposed by the administration, today declared at the annual luncheon of the Associated Press, would be in harmony with American pledges, candidatorial promises and American policy and would not be an entry into the League of Nations side door, the back door or the cellar door.

Excessive friends of the League, the President explained, have beclouded the situation by an unwarranted assumption that the proposal is a move toward membership in the League while, he added, the irreconcilable opponents of the League have also beclouded the question with the assumption that entanglements with Europe would unavoidably follow.

The fear of entanglements, the President declared, if the Senate were to consent to any, his administration would not complete ratification of such a proposal and would thereby prevent it from becoming effective.

**RISKS ARE DENIED**  
Retracting his conviction that the United States could participate in the World Court without assuming the risks which the administration point out, President Harding reviewed the League since 1914, all of which he pointed out spoke for a world court of arbitral justice and added: "I believe in keeping the faith. If the political parties do not mean what they say and candidates do not mean what they say then our form of popular government is based on fraud and cannot hope to endure."

But the President left no doubt that he has no intention of moving toward the League of Nations by his support of the World Court. "In compliance with its pledges," he said, "the administration definitely and decisively put aside all thought of the United States entering the League of Nations. It doesn't propose to enter now by the side door, the back door or the cellar door, I have no intention of committing to offer the League. If it is serving the Old World helpfully, more power to it. But it is not for us to serve it."

**NOT PARAMOUNT**  
Mr. Harding made it plain that he did not consider the World Court question paramount to all other national problems and added that neither did he hold it a man's duty to unite, evidently having in mind the warning issued by some Republicans within the last few weeks.

"It is not to be classed as a party question," he continued, "but if any party repeatedly advocating a world court, is to be rendered by the suggestion of an effort to perform in accordance with its pledges, it needs a new appraisal of its assets."

Setting one of the principal arguments to be used by opponents of the administration proposal, the contention that the United States would be placed at a disadvantage in the election of judges to the court through the disparity in the national voting power in the League Assembly, the President frankly recognized this as a "political bugbear," but added that inasmuch as no nation could have more than one judge, it was less of an objection than when applied to the League itself.

Although the question of the World Court formed the burden of the President's address, he also spoke a word for the establishment of a merchant marine, deplored lack of party loyalty and the organization of groups or blocs to serve group interests, and urged that the primary be made an agent of indisputable party expression rather than a means of party confusion or destruction.

**ADDRESS IN FULL**  
The address of the President in full follows:  
Members of the Associated Press:  
During the closing days of the last Congress I sent to the Senate a communication, asking its advice and consent to the adherence of the government of the United States to the protocol establishing the International Court of Justice. Out of this simple, natural, normal proceeding, has developed so much of mystery, so much misunderstanding, so much of protest and approval, so

(EXCLUSIVE DISPATCH)

MEXICO CITY, April 24.—Mexican secret-service men, their hands tied by lack of authority, had Clara Phillips and her companion, Jesse Carson, under observation for two months, and were forced regretfully to watch her make her way to Vera Cruz and thence to Guatemala, Gen. Pedro J. Almada, Chief of Police, said today.

The Chief regrets exceedingly that the young woman escaped. He says that Mrs. Phillips, always the company of Carson, spent the greater part of February and March in Mexico City. She passed under the name of Miss Carson and lived first at the St. Francis Hotel, then at a boarding-house in Pimental street frequented by foreigners and located toward the outskirts of the city.

**OUT BUT TWICE**

During her stay in Mexico City Clara went out into the street only twice, each time to the postoffice, and each time accompanied by Carson, who was her inseparable companion. About March 22 both left for Vera Cruz. The police were awaiting an arrest order, which they expected. At Vera Cruz both lived at the Hotel Diligencia. They then took the Tehuantepec train for the Guatemalan border, passing late Guatemala at Tapachula.

"Our hands were tied," Gen. Almada said regretfully. "The arrest order arrived four days after Mrs. Phillips was outside our jurisdiction."

Clara during her stay in Mexico dressed usually in a brown tailored suit of unpretentious appearance.

"She looked like any other American woman," Gen. Almada said. "Following this interview, the Times correspondent was able to learn that Carson wrote the postmaster here from San Marcos, Guatemala, asking that his mail be forwarded to general delivery, Guatemala City. His postoffice box subscription here has now expired."

**LETTER FROM BROTHER**

I also viewed a copy of a letter written from Galveston March 31, which is asserted Clara's brother sent, undoubtedly for her but which she has not received.

BY ROBERT B. ARMSTRONG

(EXCLUSIVE DISPATCH)

WASHINGTON, April 24.—Back of the appointment today of Judge John Barton Payne, chairman of the American Red Cross and one of the leading lawyers of this country, and Charles B. Warren, former United States Ambassador to Japan, and recognized as a diplomat of high merit, as joint commissioners to meet similar appointments in Mexico is a real desire of President Harding to recognize the present administration in Mexico.

It became known tonight that the Chief Executive of the United States wants the recognition of Mexico finished business before Congress convenes if such a thing is possible with the rights of both countries conserved.

There are many reasons why the period of suspense in the status of Mexico should be terminated in a way that the neighboring republic can resume peaceful pursuit of business commerce and manufacture, the financing of government projects and the development of private projects with American and other foreign capital.

First of all is the desire to recognize the accomplishments of President Obregon, who has restored peace, reduced crime and added order to a greater degree than many people well advised on conditions below the Rio Grande a few years ago thought possible.

President Obregon is entitled to recognition on the score if other nations can be cleared away or provided for and President Harding and his advisers are anxious to expedite this movement for the reason that President Obregon is approaching the end of his term as President.

Under the Mexican constitution and laws he cannot succeed himself and his present term comes to an end next January. Whoever is to succeed him at that time will find greater tranquility and prosperity and development if recognition is granted by the United States and the greater European powers which is certain as soon as the United States does so.

Aside from the great benefits that will accrue to Mexico if a way can be found to give recognition to the present administration.

## RE-OPENS PHILLIPS ESCAPE

Herb Wilson Among Those Questioned by Authorities on Tiger Girl's Dash for Liberty

With a woman thought to be Clara Phillips reported by the State Department as being in custody in Tegucigalpa, the capital of Honduras, Sheriff Traeger yesterday ordered that the investigation of "Tiger Girl's" escape be re-opened and that all persons believed to have any knowledge of the means or method used to effect the jail break be questioned again.

Following this announcement the Sheriff was closeted for several hours with Herb Wilson, mail bandit and convicted murderer, who, it is said, stated several weeks ago that he believed he could solve the mystery of Mrs. Phillips' escape. As to any information gained from his conference with Wilson, the Sheriff refused to make any statement. It is believed, however, that this conference will be followed by others with persons in the jail at the time of Mrs. Phillips' escape.

The State Department yesterday notified the Sheriff that word has been received from authorities of

## MURDER MAN AS WIZARD

Tolstoi Disciple Accused of Practicing Magic Slain by Russians by Priest's Advice

(BY CABLE-EXCLUSIVE DISPATCH)  
MOSCOW, April 24.—M. Semenov, a noted Russian writer and a disciple of Tolstoi, has been murdered and his death is a result of one of the strangest excesses of the Russian peasants' religious and anti-religious chaos.

M. Semenov, seeking to evade contact with the political struggle in Moscow, withdrew to Volokamskaya, a peasant village, where surrounded by books he lived like a hermit, after the Tolstoi fashion. But the superstitious peasants spread rumors that Semenov was engaging in black magic and devil worship and that he held a witch's sabbath.

A peasant named Malutin asked Deacon Svetkoff of the Greek Catholic Church, who also had ecclesiastic powers in the district, for advice. Deacon Svetkoff replied that it was necessary to kill

## Worse and More of It!

## COMING MARRIAGE AWES DUKE OF YORK'S FIANCEE

(BY JEAN VICTOR BATES)  
Late private secretary to Lord Carson, the great Irish leader, and sister of the Hon. Sir Dawson Bates, M.P., Minister of Home Affairs in the Northern Parliament.  
[Copyright, 1922, in the United States and Canada and South America, by the North American Newspaper Alliance. All rights reserved.]  
(BY CABLE-EXCLUSIVE DISPATCH)

LONDON, April 24.—The most talked-of girl in Europe, Lady Elizabeth Bowes-Lyon, who, on Thursday, the 26th inst., is to be married to the Duke of York, confessed in an outspoken exclusive interview which she accorded me that she is awed by the great position which is soon to be hers. With a girlish candor in which, once she has become a member of the British royal family, she never again will be able to indulge, the future Duchess of York told of her hopes of serving her country and of ultimately solving some of its industrial problems by co-operating in the welfare work for the toilers of Britain to which her fiancé, ever since the end of the war, has devoted a considerable part of his time and energy.

## Royal Wedding Rehearsed With London Sleeping

(BY CABLE AND ASSOCIATED PRESS)  
LONDON, April 24.—A full-dress rehearsal of the wedding procession which will take place on the occasion of the Duke of York's wedding Thursday was held today before most of London was awake.

At 6 a.m. the streets were lined with troops and police, who will do the same duty on Thursday, and the royal carriage made a trip from the palace to Westminster Abbey, every second being timed and carefully noted, so that the ceremony may pass off without the slightest delay. The whole test was made under the direction of Maj.-Gen. Jeffrey, commanding the London district, and Sir Douglas Dawson, Lord Great Chamberlain.

## BAY CITY POLITICIAN ACCUSED BY "DRYS"

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, April 24.—Peter McDonough, former saloon owner, bail-bond broker and politician, was arrested here today on a Federal charge of violating the Volstead Act by possession and sale of liquor.

According to the complaints filed against McDonough, he told agents who visited his saloon here on March 16 that he operated a fleet of rum runners between Vancouver, B. C., and San Francisco, and that he "sold the best Scotch liquor in San Francisco."

(Continued on Third Page)

## CANNERY DISTRICT MENACED

By a "Times" Staff Correspondent  
LOS ANGELES HARBOR, April 24.—More than 1000 Japanese fishermen were routed from their homes in Fish Harbor early today by a spectacular fire which for nearly an hour threatened to wipe out the entire fishing and cannery colony.

The Japanese were panicked by the flames and in their flight took what clothes and personal effects they were able to move quickly. These belongings as well as furniture and clothing in the shacks were ruined by water pumped from the fire engines, leaving hundreds of the colony destitute this morning.

The fire was only brought under control at 3 a.m., after it had completely destroyed the plant of the French Purline Company, causing a loss estimated at \$100,000.

The efforts of the fire department to cope with the flames were seriously hampered when explosions among 200,000 cases of canned sardines within the plant drove the fire fighters from close range. According to the firemen, the Fish Harbor district was saved from destruction only by the corrugated iron material of which the burning plant and adjoining buildings were constructed.

The Burns plant is situated near the corner of Tuna and Cannery streets in Fish Harbor.

Fire Companies Nos. 28 and 40 and Fireboat No. 1 were engaged by the fire.

## WHITE SOX PLAYER REPORTS TO SEALS

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, April 24.—Eddie Mulligan, formerly with the Chicago American League baseball team, will report for duty with the San Francisco team of the Pacific Coast League, according to a message received here from Mulligan tonight. This is believed to dispose of the protest of Los Angeles against Mulligan on the ground that he was a "war" jumper and signed with an outlaw league.

Mulligan said he was coming with Commissioner K. M. Landis's approval.

## FORD WOULD GROW RUBBER FROM WEED

(EXCLUSIVE DISPATCH)  
DETROIT, April 24.—If experiments of Henry Ford and Thomas Edison are successful, high-grade rubber may soon be made from milkweed.

Ford and Edison have for some time past, it was learned today, been experimenting with plants to which family the milkweed belongs, with the idea of producing a rapid-growing plant from which rubber can be made. The raw material is now obtained from trees which take many years to grow.

## HARVEY STRESSES HARMONY

Annual Reunion of British War Missions Brings Out Analysis of Anglo-American Relations

(BY CABLE AND ASSOCIATED PRESS)  
LONDON, April 24.—Memories of American war-time hospitality were revived tonight at the fourth annual reunion of the British war missions to the United States and Anglo-American relations came in for critical analysis.

"All Americans should reverence England, and all Englishmen should be proud of America, not jealous of her," summed up Col. George Harvey, the American Ambassador, after covering the field of economic, industrial and historical relationship. He assured his distinguished audience that the bulk of the American people are English in their antecedents and present sympathies.

Earlier in the evening Stanley Baldwin, Chancellor of the Exchequer, had said that he was only recently admitted to the ranks of the British war mission reunionists, but in view of his debt-funding junket he was convinced he had paid the highest entrance fee.

"Your payments to America are the cheapest insurance any country could have," responded Ambassador Harvey. "I would like to see Germany or any other power attack England now."

"We have got the money in the bank over here," concluded the Ambassador amid applause.

Col. Harvey deplored what he termed the British tendency to refuse to co-operate economically with America, and cited incidents where American manufacturing projects were not welcomed in England, merely because they were

## Erlanger Tells Why Theatrical Firm Dissolved

(BY A. P. NIGHT WIRE)  
NEW YORK, April 24.—Abraham L. Erlanger, testifying today in a \$270,000 accounting suit he had brought against Marc Klaw, declared that the famous theatrical partnership had played hookey in Europe.

The break, for years a mystery to Broadway, developed after Erlanger had protested in 1912 against his partner's announced intention to spend five or six months each year abroad.

Cross-examined Mr. Erlanger, Charles Evans Hughes, Jr., brought out that the partnership had been formed in 1888, fifteen years before Erlanger introduced Klaw that he faced three alternatives: To put up \$150,000 more capital to match his to pay 2 per cent interest on his excess investment, or to dissolve the partnership in a friendly manner.

**ASSEMBLY LAGS WITH ITS WORK**  
Debate Responsible for Delays

(BY A. P. NIGHT WIRE)  
SACRAMENTO, April 24.—The Assembly committee on all industries tonight reported out with the recommendation that it "do pass" a bill by Senator E. J. Gates of Los Angeles, that has passed the Senate providing for the leasing by the State of the Norwalk Hospital property for oil development work. Amendments proposed from various sources were rejected, but the bill was changed to substitute the State Treasurer for the Attorney-General on the leasing committee, the Treasurer being the chairman of the Board of Control, and the Surveyor-General.

### MURPHY LEADS FRESNO RACE QUALIFIERS; MILTON ONE-MAN CAR BURNS OUT BEARING

FRESNO, April 24.—Jimmy Murphy led the field in the qualifying trials for the 150-mile Rain Day classic on the Fresno Speedway here today when he whirled around the board track at a rate of 112.5 miles an hour, finishing in faster time than any other of the entrants.

Bennett Hill, a team-mate of Murphy, finished second in another Durant, his time for the official tryout being thirty-two and two-fifths seconds.

The others who qualified today, eight in number, finished their qualifying in the order and in the time given as follows: Harry Harris, 32.4-5a; Earl Cooper, 32a; Leon Duray, 33.1-5a; Cliff Durant, 33.4-5a; Peter De Paolo, Frank Elliott, Ralph Hepburn and Joe Thomas, 34a.

Just before the official elimination trials this morning, Tommy Milton burned out a bearing, thus eliminating his famous one-man car from the trials, but through a special dispensation he will be allowed to try out tomorrow morning for a place among the dozen starters at the same time Wade Morton and Al Melcher will again try for places in their Duesenbergs. They failed to qualify today. Eddie Hearne will also try out in the elimination tests tomorrow morning.

Al Palmer, Sanger garage man who was entered with a Palmer Special, withdrew his entry today prior to the elimination trial, because of inability to get his mount in shape for the trials today, thus making the second withdrawal from the original entry list of sixteen.

### over the telephone—

A LONG distance call came the other day asking if we had a Certified Special-Six Studebaker roadster.

We had just one at the standard price of \$995 and he asked us to hold it until the next day.

The following morning he came in, looked at the car and said he would take it. That was all. No demonstration asked for, no critical inspection of motor, finish or tires. He knew what he was getting because he knew Studebaker and understood about Hoffman Service.

With a guarantee for ninety days, service in Hoffman shops for one month and a standardized price on Certified Studebaker Sixes no one takes any risk in such an investment in transportation.

We invite critical comparison and inspection and a thorough road test on Certified Sixes.

Compare the following prices with new or used cars of any make or model—

Certified Light-Six ..... \$ 750  
Certified Special Six, 1921 ..... 995  
Certified Big-Six, 1921 ..... 1150

PAUL G. HOFFMAN CO INC.

1230-1250 So. Figueroa St.

Other models and other makes priced as low.

### COLIMA EASILY TRIMS KING

Bert Colima, Whittier middleweight, easily defeated Tom King in the main event of the Vernon bouts last night. Colima had the better of every round and the only thing King showed was an ability to assimilate punishment.

King resorted to rushing tactics during the first two rounds and managed to shove off Bert's attack until the third and fourth rounds.

### Comfortable

THE most eloquent testimonial that can be given of Case Model X body types is to say that they are comfortable and full worthy, in every way, of the capable Model X chassis.

Unusually spacious and generously upholstered they invite complete relaxation. Passengers are enabled to finish a long day of strenuous travel with almost starting freshness.

To own one of these fine cars is to enjoy the highest form of comfortable, safe and certain transportation.

### INDIAN WINNING STREAK ENDED

Detroit Halts Cleveland's String of Victories

Yankees Come to and Thump Capital City Squad

Vangilder Blanks White Sox in Twirling Duel

(BY A. P. NIGHT WIRE.)  
CLEVELAND, April 24. — Detroit broke Cleveland's winning streak that had reached six games today, winning a closely played game, 4 to 3. Pilette held Cleveland to five hits, but errors behind him allowed the Indians to score four runs. Metevier started for Cleveland but was taken out in the fourth when misplays had given Detroit the lead. Shute was effective until the ninth inning.

DETROIT	CLEVELAND
Shute, 3-0	Metevier, 1-1
Shute, 3-0	Metevier, 1-1
Shute, 3-0	Metevier, 1-1
Shute, 3-0	Metevier, 1-1
Shute, 3-0	Metevier, 1-1

### SERAPHS BOW TO DUCKS IN NINTH INNING

(EXCLUSIVE DISPATCH.)

PORTLAND, April 24. — The Beavers opened up on Los Angeles today where they left off in San Francisco Sunday, winning in the ninth, 3 to 2, with a squeeze bunt by Zeider. This happy ending for the home own was aided and abetted by a decision by Umpire Toman in the ninth that was questionable to say the least. McCann, who had been in the box for the first two innings, was replaced by Zeider in the third. McCann passed second and tore for third. Deal made a play on McCann and the spectators thought him out, but Toman called him safe and stayed his verdict though the entire Los Angeles team came in to protest.

Wallace then walked King and Zeider laid down a nasty bunt scoring McCann and ending the game. The Angels really played better ball than Portland but the latter despite three errors got the breaks. Los Angeles scored first, making their runs in the fourth. Griggs walked with one out. McCann hit but Daley flied to Wolff. Wallace scored both Griggs and McCann with a beautiful two-base smash. Eckert replaced Levenson and was ineffective for the remainder of the game.

The Beavers got a run in their half of the fourth on Poele's homer and tied the score in the fifth when Pitcher Eckert singled with Jones on second. From then on until the ninth both sides threatened but the pitching was too tight.

Score: Portland 3, Los Angeles 2.

Summary: The game was a tactical battle, with both teams showing their strengths.

Score by innings: Portland 0, 0, 0, 0, 0, 0, 0, 0, 3; Los Angeles 0, 0, 0, 0, 0, 0, 0, 0, 2.

Summary: The game was a tactical battle, with both teams showing their strengths.

Score by innings: Portland 0, 0, 0, 0, 0, 0, 0, 0, 3; Los Angeles 0, 0, 0, 0, 0, 0, 0, 0, 2.

Summary: The game was a tactical battle, with both teams showing their strengths.

### M'GRAW SQUAD WINS ANOTHER

Recruit Pitchers Feature With Good Work

Chicago Cubs Take Seventh Straight Victory

Cincinnati Cops and Evens Up With Pittsburgh

(BY A. P. NIGHT WIRE.)  
BROOKLYN, April 24. — New York cleaned up the series with Brooklyn today, winning 6 to 4. The Giants knocked Ruetter out of the box in three innings, bunting seven hits for five runs off the southpaw star. They could get only one hit, Dickerson in the last six innings, a double steal by Frisch and Young after two passes giving them their fifth run off the Memphis recruit.

The Dodgers knocked Clinton Blum, former Colgate star, out of the box in the fifth. With one out a man on base Fred Johnson, right-handed pitcher from San Antonio, finished the box and shut out the Dodgers without a hit. Only two batters reached first while he occupied the box and those on passed. Virgil Barnes, one of the New York pitchers, was operated on today for appendicitis.

Score: New York 6, Brooklyn 4.

Summary: The game was a tactical battle, with both teams showing their strengths.

Score by innings: New York 0, 0, 0, 0, 0, 0, 0, 0, 6; Brooklyn 0, 0, 0, 0, 0, 0, 0, 0, 4.

Summary: The game was a tactical battle, with both teams showing their strengths.

# Heats for Southern California Prep Meet This Afternoon

## VIKING CREWS MAY GO EAST

(BY A. P. NIGHT WIRE.)  
SEATTLE, April 24.—Both varsity and freshmen rowing crews of the University of Washington may participate in the annual intercollegiate regatta at Poughkeepsie next June if the action of the board of regatta students and prominent alumni last night in sanctioning the plan is accepted by the faculty of the school, it was announced today.

Alumni who saw the Purple and Gold eight last Saturday expressed the opinion that the freshmen crew was one of the fastest in the history of rowing at Washington and Coach Russell "Rusty" Callow said he would be willing to enter the team at Poughkeepsie if the varsity were sent east. The matter will be taken up at a faculty meeting within the next few days.

Francis Daugherty, coach at Franklin, is pessimistic as his team is as green as the shamrock. Harris Hite will act as captain and will work on the second for the Kiltys. With and Cot are catching. The infield is made up of Stein first, Berry second, Harris short and Goddard third. In the garden positions are Feary, Arus and Harris.

From Long Beach comes word that Coach Keimholz has little more than a second division squad. White and Lawrence make up the Jackrabbit battery. Gohner holds down first. Sims covers second. Hamble is placed on short and Rothrock works out on third. Acting as fly-catchers are, Jones Dillon and Privett.

Coach Ward of Hollywood is reputed to have a pretty poor team this year. Solis Minkins will cover first and is about the only letterman to return. However, Hollywood started out weak last year, but wound up with the pennant. Ward is pretty certain to put together a dangerous bunch and Hollywood should be able to get in the fight.

Three hundred and thirty-two athletes in the university section and more than 1200 athletes in the prep school section are entered for the Drake regatta to be held Friday and Saturday of this week.

Ohio State College has twenty-two tennis courts ready for use in its auxiliary stadium field.

## FRISCH PROVES BALL STUDENT

Giant's Keystoner Always Willing to Learn  
Says He Picks Up Something New All the Time

McGraw Teaches Him the Fall-Away Slide

BY JOHN J. MCGRAW.  
Manager World's Champion Giants.  
(EXCLUSIVE DISPATCH.)  
BOSTON, April 23.—Frank Frisch, the Giant's fiery and agile second baseman, came to me after our opening game in Boston and said: "Mr. McGraw, I find there is something new to learn about baseball in every game I play. I wish I knew as much about the sport as you do. I would know all then, I am sure. Will you teach me?"

Well, to say I was dumfounded, I would be drawing my state of mind. Here was a youngster with so much natural mechanical ability as a player I secured his services for about the first time of my career as a manager. I put a young player on the regular team without his having a bench education. This player was Frisch. He took Larry Doyle's place at second base. The latter was ill.

TOOK TO IT  
Frisch came to me fresh from Fordham University, absolutely without big league experience. He took to it though like a duck to water. His work in the field and at the bat was phenomenal in fact. His base running too was flashy to a degree. The college youngster jumped into high popularity with the polo ground patrons right off the reel.

It was on this account and his natural ability that I refrained from coaching him, thinking it would be better not to hamper him with instructions that might handicap him in following up his promising start. I knew by past experience that too much teaching of new things to young, green players, has spoiled their usefulness and put the brakes on their youthful ambition.

Frisch, by being given a free hand, has developed into a player straight on the base line. Consequently, he left almost the whole of his person subject to touch. The team has a shoe on the base but that he had lived up to my instructions was good enough. He has made a big hit in the game over had base runners the game over when he gets the bang of the hook.

I was greatly pleased therefore when the "Fordham flame" came to me voluntarily, looking for further advice. He has made a big hit by his flashy style of base stealing but he will make a bigger one later on.

Frisch's improvement as a base stealer, the Giant's chances for this season's pennant will be greatly enhanced. The good reports of the attendance at all of the opening games of both major leagues is, I consider, a sure indication of another "big year" for baseball.

## MOTHER AND SON GOLFING CHAMPS

Heats in All Track Events but Mile Carded  
Expect Several Close Races This Afternoon

Finals to be Held Saturday at Santa Ana

Heats in all track events but the mile run of the Southern California interscholastic track and field meet will be held this afternoon at Patterson Field, Occidental College and several speedy races are expected.

There will be two heats of the half-mile, with six men qualifying in each heat, leaving twelve men for the final. Three men will qualify in each of the two heats of the 440-yard dash, while nine men will qualify in both of the hurdle races. Two schools will qualify in each heat of the relay.

Today's heats start at 2:30 o'clock, with the half-mile heats first on the program. Len Hansen of Manual Arts is favored to capture the first heat of the 100-yard dash. Varner of Santa Ana and Akroyd of Hollywood, in the second heat, are expected to break the tape.

CENTURY HEATS  
The first heat of the 100-yard dash finds Pollack of Pasadena, Green of Chaffey, Lee of Franklin, Allee of Fullerton and Shaw of Monrovia fighting to qualify. All five are speedsters and two good men are bound to be eliminated: in the second heat Smith of San Bernardino, Hurle of Pasadena and Castle of Riverside are favored, while Woodard of Jefferson, Williams of Pasadena and O'Malley of Venice are the favorites in the third heat.

The three heats of the 440-yard dash should provide several thrills. All three heats have a number of fast men in them and competition should be keen.

The following five schools sent in their entries to Manager Seth F. Van Patten yesterday: San Bernardino, Owens Valley, Whittier, Bishop, Owens Valley, Whittier and Chino. This brings the total of schools entered to forty-seven. Harry Smith, the San Diego pole vaulter, has not been entered yet, but it is expected his entry will be received soon.

Contrary to the general opinion, no tryouts will be held tomorrow in any of the field events. League who are over fifty miles distant from Los Angeles will not be compelled to send men to compete in tomorrow's heats, but will be allowed to enter but one man from each team in the finals at Santa Ana Saturday.

THREE TROPHIES UP FOR TRAPSHOOTERS  
Local trapshooters again will migrate to the Vernon Club next Sunday, when the second of the eight 100-target shoots on the three trophies up for classes A, B and C gunners is put on.

A trophy consisting of a motor restaurant is up for the winner in each class, all contestants to shoot at least four times out of the eight Sunday, and then having the option of choosing the best two scores made.

Also next Sunday a handicap shoot will be put on, followed by double target shooting. Secretary Bill Figh announces that take-home trophies will be up for the high shooters.

STANDING OF CLUBS  
AMERICAN LEAGUE  
Cleveland 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

YOUNG ENDS CAREER AS SPORT DIRECTOR  
REDLANDS, April 24.—Lloyd Young, who for two years has been manager of athletics at the University of Redlands, closed his career as the boss of athletic events there on Saturday, when he staged the A.A.U. track meet. Despite the threatening weather the meet was a success and several dollars were added to the University of Redlands athletic fund. It cost \$100 to stage the meet, over half of the cost being in medals given to the winners.

Young is a senior this year, and has turned over the management of the baseball season to Gene Hayes, his assistant during the year. He plans to remain at home and assist his father, L. O. Young, known as the apricot king, in the management of the orchards and apricot drying yards.

BILLY MATTHEWS IS STOPPED BY MASCART  
(BY CARL AN ASSOCIATED PRESS.)  
PARIS, April 24.—The French bantamweight, Mascart, tonight technically knocked out Billy Matthews in the sixteenth round of what was to have been a twenty-round bout.

The French boy, who during the past six months has been conceded a "corner" by reason of his good work in the ring, won almost all the way tonight. He badly punished the Englishman and the referee stopped between the men in the sixteenth round when Matthews was helpless. Matthews, last December, was knocked out by Eugene Cirieli, in the seventeenth round.

Willie Ritola, the famous runner of New York, came to the United States from Finland in 1914. He started running in 1912. He received his first citizenship papers a year ago and should receive his final papers next April. He will then be eligible to carry the American shield in the Paris Olympic games.

## DR. POWER IS GOLF WINNER

REDLANDS, April 24.—Dr. Walter R. Power won the class A sweepstakes of the golfers of the Redlands Country Club this week, and Earl D. Finch won the class B sweepstakes. The entry list during the week was the largest of recent weeks. The results follow:

CLASS A  
W. R. Power, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

CLASS B  
E. D. Finch, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

CLASS C  
J. H. Smith, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

CLASS D  
H. J. Brown, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

CLASS E  
L. J. Green, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

CLASS F  
M. J. White, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

CLASS G  
N. J. Black, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

CLASS H  
O. J. Grey, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

CLASS I  
P. J. Blue, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

## TESTS HELD ON TIGERS' TRACK

Heats in All Track Events but Mile Carded  
Expect Several Close Races This Afternoon

Finals to be Held Saturday at Santa Ana

## "Mother Earth is not dependable"

It is curious that Mother Earth cannot produce, each year, tobacco of the same quality and flavor. Give her the same seeds, nurse her crops as carefully as you will, still the tobacco grown one year in any given field will frequently be different from that which grew there the year before.

Because this is true I keep on hand, at all times, more than three and one-half million dollars' worth of fine tobacco to guard against crop failure and to insure the quality of La Palina.

Many years ago I discovered that this was the only plan that would overcome Nature's peculiarities in the production of tobacco. And by adhering to it strictly, by using only the finest tobacco and the best manufacturing methods I have given La Palina a character that can be absolutely controlled.

From the fact that there are over one hundred and fifty million La Palinas sold yearly I feel that this character will satisfy every man who can appreciate a fine cigar.

Jack T. Donnell, Jr., and Arthur Stern, "Y" handball stars, have entered the Southern California A.A.U. handball tournament.

But when he came to "sound" the horn—  
A man decided to "get by" for a couple of weeks without replacing his dead battery. He did not drive at night, so the lack of lights was of no concern. He didn't enjoy cranking his car very much, but his wrist muscles lasted all right.

When this true story came to a sudden end was when a car started across the road in front of his car and there was a power to sound his horn. He managed to avoid the child, rather white and shaky, he drove straight to the nearest Service Station and got a new battery.

The battery you can trust  
Don't drive with a dead or a weak battery. A good storage battery is an essential to your safety and comfort. The work of starting your car, lighting the road, sounding the horn, and giving the spark for ignition is important work. It demands a dependable battery.

You are not taking chances when you put an Exide in your car. It has proved its reliable and long-lasting power ever since the first electric-starting car came on the market twelve years ago (equipped with an Exide). Today, more cars leave the manufacturers' hands equipped with Exides than with any other battery.

Do not put up with an uncertain battery when there is the Exide one for your car at a nearby Exide Service Station.

NAVY EXPECTS  
ALAMEDA BASE

Officials Show Interest in  
Coming Vote There

Will Ballot on Extending  
Water-Front Grant

Expected That Congress Will  
Accept City's Offer

(EXCLUSIVE DISPATCH.)

WASHINGTON, April 24.—General interest was indicated here today in Navy circles in the election in Alameda, Cal., on May 4, when a vote will be taken on the proposition to extend until 1925 the grant of more than 5000 waterfront acres to the government for use as a naval base.

High officials and ranking officers of the Navy make no secret of their belief that Congress will ultimately accept this free grant from the city of Alameda and frankly confess their conviction that the location of a great Navy base at Alameda is imperative to the national defense, particularly on the Pacific Coast.

ALAMEDA IS FAVORED  
The Navy's faith in Alameda, it was pointed out today, is disclosed by the recent report of the Naval Board, of which Rear-Admiral Hugh Rodman was the head, on naval shore establishments. This board, made up of officers of distinction, unanimously recommended a new naval station at Alameda and their conclusion met the approval of Secretary of the Navy Denby.

This report was only completed on January 15 of this year and was forwarded to Congress too late to influence action at the recent session. It is regarded as certain, however, to result in an appropriation for the establishment of the naval base at Alameda by the next Congress.

Not only does the Rodman report, as it is known here, urge a naval base "capable of serving the entire fleet" at Alameda, but as well suggests the establishment in San Francisco Bay of a mine base, a marine storehouse in San Francisco and a naval air station at Alameda.

IMPORTANCE SEEN  
The importance placed upon the proposed Alameda naval base by the board is shown by the language of the report, which says that it is the only additional station recommended by the board which falls completely within the description of "necessary for the successful operation of the fleet in peace and war."

The Rodman report confirmed the report of the joint committee of the Senate and House, appointed in 1921 to investigate naval base sites on San Francisco Bay. This latter committee, of which Senator F. H. Hall of Delaware was chairman, had the following to say of Alameda:

"The large acreage at Alameda makes possible a naval base which will permit not only of dry docks on satisfactory pile foundations, berthing space, etc., but also of shipbuilding facilities to any extent desired, base for fuel, oil and coal, and other naval supplies, aviation fields, training and other stations."

TOWN TERRORIZED  
BY HOLD-UP MEN

(BY A. P. NIGHT WIRE.)  
MARTINEZ, April 24.—Oakley, a community thirty miles east of here, was terrorized last night by five hold-up men, who cut all telephone and telegraph wires leading from the town, shut off the power supplying street lights, and proceeded to rob the Bank of Oakley. After they had gained entrance to the bank by forcing open the front door with a crowbar, E. Galli, a merchant, opened fire on the gang and they beat a hasty retreat.

Word of the disturbance did not reach the Sheriff's office here till today, owing to the cutting of communication wires last night. Before entering the bank, the burglars forced open the door of a garage and stole three small tanks containing acetylene gas.

CANADIAN SHIPPING  
COMBINE IS ASSERTED

(BY A. P. NIGHT WIRE.)  
OTTAWA (Ont.) April 24.—Existence of a shipping combine known as the North Atlantic and United Kingdom Conference, with headquarters in New York, was charged in an interim report submitted to Parliament today by a special committee appointed by the House to investigate the effect of steamship rates on Canadian agriculture.

SCHOONER IN CRASH  
IS PULLED OFF REEF

(BY CABLE AND ASSOCIATED PRESS.)  
HONOLULU, April 24.—The naval tug Salvor today pulled the schooner Mary E. Foster from the reef where she has been aground since Monday morning when she collided with the Interisland steamer Nauna Koa. The damaged schooner is being towed into the harbor.

LEAVING TO PREPARE  
T-2 FOR LONG FLIGHT

(BY A. P. NIGHT WIRE.)  
DAYTON (O.) April 24.—Lieutenants Oakley G. Kelly and John A. Macready will hop off from Wilbur Wright Field here tomorrow morning for Mitchell Field, New York, where they will prepare the T-2 for its nonstop transcontinental trip from New York to San Diego, Cal., which is scheduled to start May 2, according to announcement today.

MICHIGAN HITS KLAN

(BY A. P. NIGHT WIRE.)  
LANSING (Mich.) April 24.—Wearing of masks in public by organizations is prohibited in a bill passed by the Michigan House of Representatives today, by a vote of 75 to 2. The measure was said by its sponsors to be aimed at the Ku Klux Klan and similar organizations. It now goes to the Senate.

Says Lou Tellegen introduced Lorna Ambler as his sister at Long Beach "love bungalow"! Ada M. Riggs, a law clerk, who was a witness in Lou Tellegen-Geraldine Farrar divorce suit.

American entry, "Sergeant Murphy," owned by Stephen Sanford of New York, wins Grand National Steeplechase at Liverpool! The photo shows the winner landing on his forelegs after clearing the water jump, the most difficult of the entire course.

Italy's "flapper" princess visits Washington! Here is Prince Santa Borghese talking to Congressman Hill of Maryland on the Capitol steps.

W. J. Black, passenger traffic manager of the Santa Fe, and Mrs. Black, at the Grand Canyon. The Colorado River is a mile below where they are standing.

Introducing Clarence Saunders of Memphis, president of the Piggly Wiggly Stores, Inc., featured in recent stock market transactions.

Capt. B. Pelley of Yale's sturdy varsity crew.

Col. Homer Folke of New York, president of the National Conference of Social Work, who presided at the fiftieth anniversary meeting in Washington.

Japan's ex-Minister of Agriculture and Commerce speaks in favor of universal suffrage at Tokio gathering! Hon. Hirotsuka Kono (with white whiskers,) favors votes for women.

Soviet chief arrives in Japan! The chief soviet delegate to the Gannosuke conference in Si-ma, and wife arrive in Yokohama.

Tell two stories of shooting; both held without bond! Mrs. Michael McGinnis (right,) and Miss Myna Pioch. The latter is thought to have fired the shot which killed McGinnis, a New York fireman. So far questioning has revealed divergent stories of the killing, though police say both women wanted McGinnis out of the way.

Atty.-Gen. Daugherty (center,) convalesces from recent illness! This photo taken in Miami, Fla., shows the Attorney-General with his daughter and son-in-law, Mr. and Mrs. R. F. Rarey, and his brother (standing,) M. S. Daugherty.

Cadillac hits Ford at Miami, Fla., and both land in the bay! No one was hurt.

At Jacobs's murder trial in San Diego! Dr. Louis L. Jacobs, charged with the murder of Fritz Mann, dancer, is the second man from the right, seated, with shell-rim spectacles. At the extreme left is James Wadham, then Paul Schenck, and Clarence Fitzgerald (writing,) of the defendant's legal staff.

## LODGE TO WARN AGAINST COURT

Senator Will Ask Harding to Abandon Plan

Warns of Bitter Controversy and Party Split

Finds Opponents Will Not Take Reservations

(EXCLUSIVE DISPATCH)  
WASHINGTON, April 24.—Concern over the growing dissension in the Republican party over the World Court resulted in a conference Monday between Senator Lodge, Republican, Massachusetts, majority leader in the Senate and chairman of the Foreign Relations Committee; Senator Brandegee, Republican, Connecticut, an "irreconcilable" leader, and Senator Watson, Republican, Indiana.  
The principal outcome of the conference was a decision to have Senator Lodge arrange to see President Harding Wednesday and frankly present to him the outlook for bitter controversy ahead of the World Court protocol which the administration is advocating. Senator Lodge would have made an earlier engagement with the President, but was unable to because of Mr. Harding's trip to New York.  
The conference of the Senators took place immediately upon the return of Senator Lodge to Washington. Senator Watson and Senator Brandegee, who have been keeping a close watch on the World Court developments, reported to Senator Lodge the rapidly increasing feeling against the administration's plan to make the United States a member of the international tribunal organized under the League of Nations covenant. Senator Watson also described his recent unsuccessful efforts to induce President Harding to sidetrack the court as a political issue.  
It is understood that Senator Lodge, in his capacity as leader of the Senate Republicans and chairman of the Foreign Relations Committee, will undertake to emphasize the warnings already uttered of splitting the Republican party wide open if the World Court is pressed, and the danger of this, particularly in view of the approaching national campaign.  
Furthermore, he probably will take occasion to point out to the President the difficulty of bringing the protocol to a vote in the face of the bitter contest which the "irreconcilables" are getting ready to wage, especially when it is considered that the Senate will be fairly swamped with other work when it reconvenes in December. He is also expected to inform the President that the reservations suggested by Secretary of State Hughes do not adequately meet the objections of the opposition, particularly in the matter of the election of the judges, in which the British voting strength would greatly outweigh that of the United States.  
Senator Robinson, Democrat, Arkansas, slated to succeed Senator Underwood, Democrat, Alabama, as leader of the Senate Democrats, issued a statement predicting that many Democrats would support the World Court plan.

## INDICTED FOR FRAUD, SUSPECT SURRENDERS

WILL COME FROM CANADA TO PRESENT CASE IN NEW YORK

(BY A. P. MONT WIRE)  
BOSTON, April 24.—Hamilton B. Wills, one of the men indicted on charges of conspiracy to defraud the Boston-Montana Corporation and its subsidiaries, telephoned Dist. Atty. O'Brien from Toronto today that he would be here tomorrow. He said he wished to present certain documents for inspection by the District Attorney.  
The District Attorney's office has received information that William R. Allen, former Lieutenant-Governor of Montana and president of the Boston-Montana Corporation, who also was indicted, is on his way east to confer with attorneys in a State other than Massachusetts. Charles E. Gallup, son of former Judge George Gallup of the Circuit Court of Michigan, has sent word that he will appear for arraignment here within a day or two. His father was one of the eleven men who pleaded not guilty to the conspiracy charge yesterday.  
The case has been set for trial in the week of May 7.

## ROAD PREPARES FOR CANTALOUPE SEASON

(EXCLUSIVE DISPATCH)  
TUCSON (Ariz.) April 24.—Preparations are being made on the Tucson division of the Southern Pacific for handling 14,000 refrigerator carloads of cantaloupes this season from the Imperial Valley.  
Trucks and equipment are declared in excellent shape to take care of any quantity of traffic that can be offered.

## PUBLIC LANDS OPENED FOR EX-SERVICE MEN

(BY A. P. MONT WIRE)  
WASHINGTON, April 24.—Secretary Work today threw open 275,000 acres of public land in five Western States for entry by former service men. The tract, comprising the largest acres offered for homesteading by the Interior department during the past two years, are 21,600 acres in Owyhee county, Idaho; 24,000 acres in Beaver Head county, Montana; 18,000 acres in Elko and Eureka counties, Nevada; 6,600 acres in Rio Arriba county, New Mexico, and 4,600 acres in Mesa county, Colorado.

## PORTUGAL RATIFIES WASHINGTON PACT

(BY A. P. MONT WIRE)  
WASHINGTON, April 24.—Advices received today by the State Department from Lisbon, Portugal, said the Portuguese government had ratified the two nine-power treaties negotiated by the Washington armaments conference. This ratification completes the approval by the respective powers of the armaments conference conventions with the single exception of France.

POLITICAL ADVERTISEMENT

# A CONSTRUCTIVE PROGRAM versus A DESTRUCTIVE PROGRAM

The Railway Companies have asked for *permits*, which are revocable, to operate busses in all outlying districts where there is a demand for transportation facilities.

This includes a cross-town bus service on Western Avenue between Hollywood Boulevard and Slauson Avenue, exchanging transfers at a single fare with 21 Los Angeles Railway and Pacific Electric Railway street car lines crossing Western Avenue, adequately providing the Hollywood and Western district with cross-town service.

These PERMITS may be CANCELLED by the City at any time.

255 new cars have been installed or ordered, at a cost of \$4,357,000.00.

On streets on which street cars are operated, one-third of the paving is paid for by the Railways, and is kept in repair by them.

The Railways carry school children for half-fare, and all policemen, firemen and mail-carriers free. McAdoo busses would not do this.

The Pacific Electric has agreed to spend \$3,500,000.00 on subways to relieve congestion, removing all San Fernando Valley trains and the major portion of the Hollywood cars from Hill Street, and all of the Glendale and Burbank trains from Sixth Street.

Should the city expect the electric railways to build subways to relieve congestion and then grant a 21-year franchise for busses which would create an equal amount or more congestion on streets already over-crowded?

One of the greatest questions before the city today is the relief of traffic congestion.

The plan of the McAdoo corporation to put motorbusses on streets offers NO REAL ADVANTAGES, but presents MANY DISADVANTAGES that voters should consider when asked to vote the promoters a 21-year right to the free use of streets. This grant could not be cancelled or changed within the 21-year period.

The Board of Public Utilities NOW has power to issue revocable permits to any motor-bus line. Then why tie up streets by plunging the city into a 21-year contract with private capitalists?

In view of the fact that the two street railways have aided very much in the upbuilding of Los Angeles, we respectfully urge our patrons and the people of this City to do all in their power to enable us to continue to serve the City and better the service in the future. To that end, we ask that you—

Vote NO on Propositions Nos. 5 and 6 on May 1st.

HOUSE OF DAVID  
QUIZ EXTENDED

Draft Law is Brought Into  
Michigan Inquiry

Block Marriage Brides Are  
Called to Testify

Court Told Benjamin Victim  
of Conspiracy

(EXCLUSIVE DISPATCH.)  
ST. JOSEPH (Mich.) April 24.—Inquiry by the State of Michigan into the inner workings of the House of David today was extended beyond the cult's asserted immunities and frauds. Witnesses were quizzed about the colony's attitude toward the selective service law.

When Henry Kirkham, slightly graying, was taken before the grand jury, his inquisitors, instead of having him explain his bridegroom role in the recent week-end block marriage ceremonies, asked him about the part he played in the World War.

Under the examination of Atty.-Gen. Dougherty he admitted that he had been called to service. The State now seeks to find out whether those who were exempted obtained release on the ground of a religious belief.

GIRL BRIDE CALLED  
Kirkham was preceded on the stand by "Mrs." Verna Drake Kirkham, his four-day bride. She is a pretty, little, fluffy-haired creature, whose outstanding quality is in marked contrast to her husband's maturity.

She is one of the trio of Drake sisters called in the last batch of witnesses. Countess Drake Woodworth, her younger sister, was the first witness summoned.

Her testimony, like her sister's, put new obstacles in the path of Michigan's law-enforcing machinery. She denied that she had been coerced into marriage, and admitted humbly that she was the real wife of her House of David spouse.

"Have you abided by the rules of the cult since your marriage and had no relations with your husband," Judge Dingeman, the "one man" grand jury asked Verna. The girl flushed until her rosy embarrassment stood out in youthful relief against her vivid blue-turban and golden locks.

"No," she replied finally. Verna's age was given as 18 in her application for a marriage license, while her husband stated he was 27. Three of the Drake sisters were married in last week's group ceremonies. The third, Tiffia, gave her age as 17. She apparently is younger than Verna, but appears to be several years older than the Countess, whose age also was given as 17, although she told the grand jury she would not be 18 until June.

Michigan's law-enforcing machinery, which she denied that she had been coerced into marriage, and admitted humbly that she was the real wife of her House of David spouse.

Michigan's law-enforcing machinery, which she denied that she had been coerced into marriage, and admitted humbly that she was the real wife of her House of David spouse.

## UNION DISCRIMINATION CHARGED TO BUILDER

SAN FRANCISCO EXCHANGE IS NAMED IN SUIT UNDER CARTWRIGHT ACT

(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, April 24.—Evidence tending to show that the industrial relations committee of the San Francisco Builders' Exchange, through an agreement with supply dealers, issued permits whereby only those contractors who employed a nonunion foreman and 50 per cent nonunion help could obtain building material, was introduced in evidence today at the opening of the trial of twenty-nine firms and individuals charged with violation of the Cartwright Act, a State law forbidding combinations in restraint of trade.

The purpose of the arrangement, according to letters and minutes of the San Francisco Builders' Exchange introduced in evidence, was to expedite introduction of the American plan in the building trades in San Francisco.

The plan was modeled after one which was successful in other cities, Los Angeles being cited in the correspondence introduced in evidence as a city where the American plan had produced ideal working conditions. In Sacramento, another report read in evidence showed, the American plan had been successful.

## WILL SEEK INCREASE OF CRUDE RUBBER

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 24.—Harry Whitford, professor of tropical forestry at Yale University, has been named by Secretary Hoover to take charge of the Federal investigation in possible new sources of rubber supply, authorized by the last Congress. He will explore the possibility of cultivation in the Philippines, South America and other tropical areas not now utilized for the purpose.

## The passing of the gold era

BEGINNING with a gold production of about \$10,000,000 in 1848, the California placer mines reached their climax in 1853, with a production of about \$65,000,000. In 1864 the output had dropped to \$30,000,000 or less, and in 1868 when the State's wheat crop equalled the output of gold, men for the first time began seriously to consider the wealth of the soil from an agricultural point of view.

Last year the value of the State's agricultural production was \$397,820,000 of which the fruits represented \$194,810,000 or about 48%. California produces 100% of the almonds grown in the United States, 98% of the walnuts, raisins and figs, 90% of the dates and olives, over 70% of plums, prunes and apricots, and a high percentage of the oranges and lemons.

California shipped more than 100,000 carloads of fruit out of the State in 1922 and received therefor approximately \$720,000,000 equivalent to 67% of the value of all the agricultural crops raised within the State.

A circular describing the business of the Earl Fruit Company, whose turnover last year exceeded \$44,000,000, its extensive producing and distributing facilities, and its current issue of first mortgage 6 1/2% gold bonds, will be mailed upon request.

## BUSINESS NEWS OF BUSY MARKETS

Fast Interchange of Business Via Wireless

Street Railway Report Shows Reduced Deficit

Union Pacific Announces New Freight Rate Cuts

In the financial and business world where fast service is of paramount importance the commercial wireless companies in the United States are becoming a recognized influence in the execution of commercial messages. On the Los Angeles Stock Exchange, it is held that \$1 per cent of the business with the San Francisco Stock Exchange is done via wireless, the messages being completed in a space of one-half minute on the average.

Investment houses also find it to their advantage to use wireless communication in dealing with their branches or correspondents in other Coast cities. Wholesalers in all classes of commodities are depending on the company's equipment, it is said, and the list of customers is rapidly growing to other lines. When wireless service with the Orient is perfected, it is expected that foreign traders will form one of the largest classes of users of the service.

Ordinary commercial business is executed between Los Angeles and San Francisco in five minutes' time. The rate is cheaper than that posted by the wire companies, the wireless company allowing fifteen words to be sent for the same price charged by the wire companies for ten-word messages. Stock-exchange business is done entirely by one unit of the company's equipment, and is handled by specially trained employees, working under a highly systematized plan of organization.

There is also wireless co-operation on with the Radio Corporation of America in the erection of a master station in Shanghai, China, which will cost \$1,000,000. From this station, and distributing plants located at Canton, Peking and Harbin, the two companies plan to handle its proportion of the business done between the Pacific Coast and the Orient.

Operating revenue of the Los Angeles Railway Corporation for the year 1922, according to the final report filed with the State Railroad Commission, amounted to \$11,118,374.92, operating expenses totaled \$7,323,648.43, allowing a net operating revenue of \$3,794,726.49.

Other items in the report were miscellaneous nonoperating revenue of \$210,862.20, and interest, rent, taxes and other deductions of \$2,247,313.13. Net corporate income for the year amounted to \$1,747,273.36. The corporation at the beginning of the year showed a deficit of \$1,165,044.25, and after miscellaneous additions to surplus during 1922 of \$3,412.54, and deductions of \$230,151.38, the accumulated deficit at the close of the year was \$13,017.05.

## STREET RAILWAY REPORT

Freight-rate reductions ranging from 2 to 17 per cent have been announced by M. de Braham, assistant traffic manager of the Union Pacific system, on a wide list of commodities both east and west-bound from eastern points and California. The new rates are to be published immediately, while those east of the Pacific are subject to the concurrence of eastern connections before publication.

The reduced tariffs are part of the transcontinental carriers to compete more favorably with the water lines on traffic emanating from territory adjacent to Chicago and points east.

Some of the commodities affected by the new schedules are burnt sugar coloring syrup, beef and bullion extracts, motorcycles, coke from Denver and related points, mining car wheels and axles, cast iron sectional boilers, burlap and canvas, cotton bed spreads, bleached or unbleached muslin pieces with stencils or stenciled designs, cotton plus, velours, velvet, or velveteen, iron or steel auto bumpers, metal auto parts, denatured saw oil, malted milk ingredients.

## ADVANCE IN WAGES EXCEEDS EARNINGS

Moody's Weekly Review of Financial Conditions in its current issue says in part:  
"The rise in wages, stimulated by the example of the Steel Corporation, is proceeding faster than the increase in earnings and is resulting in a loss of profit to the employer of average means."  
"Copper visible supplies are naturally falling, since the metal is consumed in great bulk in boom times and in very limited amounts in other times. During 1922 the visible supply steadily fell, while production remained low, but in the second half of the year, production increased somewhat with the growth of production in the second half. Late domestic consumption made a new high record for this trade recovery in December, and then again in January and March. Production plus imports, however, are now at the rate of about 370,000,000 pounds per month, against 115,000,000 pounds a year ago."

"Yet, because of the trade recovery, the estimated decrease in American visible supply have varied this year from 10,000,000 to 25,000,000 pounds, averaging about 20,000,000 pounds. The visible supply is probably about 200,000,000 pounds, against 277,000,000 pounds January 1, 1922. Production plus imports, however, are now at the rate of about 370,000,000 pounds per month, against 115,000,000 pounds a year ago."

"Stock prices generally have shown no broad trend for about seven months, but in times past these distributing markets have often lasted from ten to fourteen months. Possibly it may prove significant that in four out of the last six months this market has failed to follow the usual seasonal tendencies of a bull market. Bond prices are hovering close to the lowest of the year."

Offered subject to certification by the  
State Superintendent of Banks

Stephens and Company was founded with the idea of rendering to the public a service in which confidence could be placed. Always conservative in recommending new issues, yet that policy has never been allowed to assume narrowness. The present issue is recommended because:

The buildings and equipment, together with the vines and trees, form an added security of \$115,000—and should increase at the rate of \$20,000 a year for the next four years.

Priced at 100 and accrued interest to yield 7%

## LOS ANGELES EXCHANGE

Oils were easily influenced by the optimistic tone prevailing in the market yesterday on the Los Angeles Stock Exchange and sales were recorded in the majority of active stocks. Globe climbed 2 cents to 43, opening the day at 41. Union Oil Association improved 1-8 of a point to 47, selling as high as 47 1/4 at one time. General Petroleum common advanced 1 1/4 points to 37, and Shell Union sold at 17 5/8. United States Royalties accepted a loss of 2 cents, moving down to 85.

Simon Silver opened strong at 47, but liquidation carried the final price down to 43, off 1 cent from the previous close. Tom Reed closed at 94, off 1 cent, although sales were recorded at 94 on buyers' thirty-day options. Outman United was taken at 3, off 1 cent. Gold Ore was active at 7 1/2 cents.

A 1/2-point gain was registered in Southern California Edison common, at 104 1/2 and Los Angeles Investment was quiet at 1.00.

Following are the closing quotations and sales:

## FOUNDING SCHEME TO ABUSE CITY SCHOOLS

### Teachers Devote Public's Money and Property to Elect Their Own Board of Education

At the foundation principles of public school education in Los Angeles a group of city high school teachers, according to a bulletin issued by the teachers themselves, is attempting to establish a school property, school time and school revenue for the political interests of candidates selected for the Board of Education. This is the so-called "scheme" headed by G. Bromley Oxnam, radical.

## DE COO AND WIFE NEAR AGREEMENT

### Commissioner's Divorce Suit May Be Dropped if Maintenance Plan Wins

Likelihood of the amicable settlement of the marital difficulties of Charles Abner De Coo, Los Angeles Police Commissioner, and his wife, Mrs. Lydia De Coo, became apparent yesterday when hearing on the divorce complaint was continued by Judge Donnan to May 15.

The continuance was granted on the request of attorneys for both parties, who suggested that a property settlement is being negotiated and that Mr. De Coo will not oppose his wife's suit for separate maintenance in case negotiations are successful.

The community property is valued in excess of \$100,000, mostly in the stock of several lumber companies. Mrs. De Coo is said to be seeking an equal share.

After his wife had filed for separate maintenance the Police Commissioner filed a cross-complaint asking for a divorce. He charged his wife with desertion and refusal to bear him children.

Mrs. De Coo based her suit on desertion and refusal to bear him children. She presented several letters from her husband which told her that he loved her no longer and that he felt hampered in things he wanted to do.

## USE ADRENALIN BUT MAN DIES

Injection of the new revivrescent fluid, adrenalin, for the first time in Los Angeles, yesterday proved unavailing to save the life of Dan Leary, 26 years of age, who was killed by an explosion of dynamite at the Southern Pacific right-of-way near Tunnel station.

Leary died yesterday morning at the Memorial Hospital. The dynamite explosion occurred at 10:30 a. m. on a still-born infant. The explosion was made Monday morning at 10:30 a. m. for a time physical believed it would prove effective.

But Leary's injuries were too late. He died fourteen hours later.

## ROBBERY CHARGED

A complaint charging robbery was issued yesterday by Dep. Atty. Becker against Earl Wilkins, charged with the robbery of a man who attempted to hold up Theodore J. Hindin Saturday at the Los Angeles Memorial Hospital.

If you want to be absolutely sure your vote will count as full, wholehearted support of the President, the administration and the Republican party, vote and work for Capt. John D. Fredericks, who has been endorsed by the national, county and district official Republican party organizations, including the Los Angeles County Central Committee.

## FREDERICKS IS PLEA

### Republican Central Committee Appeals for Solid Support of Candidate

Being given general circulation today the Los Angeles Republican Central Committee appeals to all Republicans to support Capt. John D. Fredericks for Congress in the Tenth Congressional District.

The Tenth Congressional District, including over half of Los Angeles county, has much at stake in this coming Congress. Shall it be represented by a Republican who will work with the President and the local Republicans, or by a Democrat, who if she is loyal to her party, will oppose the constructive work and policies of the Republicans.

If you want to be absolutely sure your vote will count as full, wholehearted support of the President, the administration and the Republican party, vote and work for Capt. John D. Fredericks, who has been endorsed by the national, county and district official Republican party organizations, including the Los Angeles County Central Committee.

National Republican Congressional Committee.

Executive Committee of the Republican County Central Committee.

Republican Congressional Committee, Tenth District.

None of the other candidates has the endorsement of any of the regular Republican party organizations, but efforts are being made to create the impression that at least one of them has such an endorsement. Don't be deceived.

If you are a Republican, vote for a Republican.

Can you, as a Republican, vote for any but the party's choice in a crisis like this?

This election is final—the high-water mark of the Republican party in California. Election, Tuesday, May 1, 1923.

Chairman, RALPH ARNOLD, Republican County Central Committee.

## SUPPORT GIVEN TO FREDERICKS

### Jewish Young Men Working for His Election

### Big Organization Plans to Make Strong Campaign

### Captain's Capabilities Lead Club to Indorse Him

The Jewish Young Men's Republican Club, with a membership of nearly 8000, has come out with an unqualified indorsement of Capt. John D. Fredericks for Congress.

In addition, its executive committee, headed by George Gittelson, president, has appointed precinct leaders and workers in every section of the Tenth Congressional District.

In indorsing Fredericks President Gittelson made the following statement:

"This is a time when good citizenship suggests that we not only vote, but vote intelligently, and so we deemed it imperative that our membership be advised in the important matter of our Congressional choice."

"Political preferences were put aside because we believe that this should be a question of the man rather than the party. Of course, the fact that this district is overwhelmingly Republican, coupled with the fact that Capt. Fredericks is the one candidate of sufficient strength and public standing to command organization support and attention from the administration, made our choice a particularly happy one."

"Our membership includes nearly 8000 young men active in every walk of life in the Tenth Congressional District. Having indorsed Fredericks, we can rely upon our membership to make a whirlwind campaign for him."

## CAPABILITIES KNOWN

"We indorsed Capt. Fredericks not alone because he proved to be the outstanding figure in the Congressional contest, but because his record of public and private service leaves no room for doubt concerning his honesty, his sincerity, his lack of prejudice and his known capabilities with respect to the greatest areas of development, industrially and commercially, in any section of the United States has ever known. This conviction demands that we have a commanding intellect will convince his colleagues of the justness of our choice."

"Even superficial study of the candidate points to the undeniable fact that Fredericks is the one who is not only familiar with our needs, but is literally saturated with them. His time as a private citizen has been given to the community generously, always working on problems of major importance to metropolitan Los Angeles."

"Having satisfied ourselves concerning his fitness to handle problems of this character, we delivered into his political and private hands on other questions, no less important to our civic and national life, we have found him to be a man who is not only familiar with our needs, but is literally saturated with them. His time as a private citizen has been given to the community generously, always working on problems of major importance to metropolitan Los Angeles."

"We have found him to be a man who is not only familiar with our needs, but is literally saturated with them. His time as a private citizen has been given to the community generously, always working on problems of major importance to metropolitan Los Angeles."

## FIEND ATTACKS THREE GIRLS

### One Victim Near Death in Pasadena Hospital; Police Dagnet Thrown Out for Assault

PASADENA, April 24.—Pasadena girls were warned by police today to stay off the streets after nightfall, unless accompanied by an escort, until police have captured a young man who has attacked three young girls.

The names of the victims were withheld. The first was an 18-year-old student at the Pasadena Night School, attacked Friday just before midnight near Fair Oaks avenue and Hammond street.

The man followed her from downtown, getting on a bus with her, and alighting from the bus at her destination. He seized her by the throat, choked her, and then dragged her into a vineyard and attacked her. She is said to be near death in a Pasadena hospital.

The three victims have given similar descriptions, and police believe the attacks were all made by the same man. He is described as about 20 years of age, five feet six inches tall, weighing about 140 pounds and with a khaki overcoat torn across the back.

When she alighted near the end of the line, the man also got off. He threatened the girl with a revolver, and brutally choked her. Then he dragged her into a vineyard and attacked her. She is said to be near death in a Pasadena hospital.

The three victims have given similar descriptions, and police believe the attacks were all made by the same man. He is described as about 20 years of age, five feet six inches tall, weighing about 140 pounds and with a khaki overcoat torn across the back.

## DARE-DEVIL GOSS TUMBLES

### Aerial Worker Takes Third Plunge in Two Months; Companion Badly Injured

Elmer Goss, building cleaner and aerial dare-devil, had his third fall since March 1 yesterday afternoon and again escaped without a scratch, while again his scaffold companion was badly hurt. Goss dropped fifty feet in yesterday's fall. James Smedley, who dropped at the same time, was taken to Vernon Emergency Hospital with many cuts and bruises, and probably broken bones.

The wreck of the ropes, pulleys and scaffolding which had supported the pair landed on top of Smedley. None of the debris came near Goss.

Goss and Smedley were painting the outside of a store at the corner of the Snowflake Refining Company at the corner of Alameda and Florence streets when one of the hooks supporting their platform broke and down they went. Goss landed on his feet, but Smedley was not so lucky. He was pinned under a large beam and was unable to move.

This is getting to be an old story, he said as he jerked away.

## CANTALOUPE SEASON OPEN

### First Ripe Specimen from Imperial Valley Is Seen at Calmarket

[BY A. F. WHEAT WIRE.] CALIFORNIA, April 24.—The first ripe Imperial Valley cantaloupe of the season was seen today at Calmarket. The fruit, which was shipped from New York from the advanced fields, is expected to begin Thursday and general express shipments may begin within a week, growers predicted, under recent warm weather conditions the crop is ripening more rapidly than was expected.

## OLD RUSE IS USED TO ROB DRUG STORE

### Burglars Keep Proprietor Busy in Telephone While Place Is Ransacked

A somewhat shopworn but apparently still effective ruse was employed by burglars who broke into the Los Angeles Torchia drug store at 4300 Whittier Boulevard, Monday night, according to Deputy Sheriff Stensland, who investigated the robbery yesterday.

Mr. Torchia owns two stores. Monday night two men entered the store at 4300 Whittier Boulevard and inquired of Mrs. Torchia where her husband was. She told them he was at the other store. They drank two sodas and the next morning Mrs. Torchia locked the store and went home.

A few minutes later a woman called Mr. Torchia on the telephone and asked him to come to the store at 4300 Whittier Boulevard and inquired of Mrs. Torchia where her husband was. She told them he was at the other store. They drank two sodas and the next morning Mrs. Torchia locked the store and went home.

## SHIP USED AS FISHING ROD

### Elusive Galapagos Turtles Fall Victims to Novel Method of Deep-sea Trolling

Fishermen who swear by the six-ounce fly rod and the silken line can learn a thing or two about the piscatorial sport from S. T. Tomlin, second mate of the British tank steamer Lempop. Using the 14,000-ton vessel itself as a trolling rod, Mr. Tomlin has invented a method of gathering in 200-pound Galapagos turtles from the surface of the South Pacific.

Mariners who traverse the sea lanes between Los Angeles Harbor and the Canal have tried out countless methods in attempts to bag the giant turtles that frequent the waters south of Cape San Lucas and through the Gulf of Tehuantepec. The wily reptiles, often sighted in schools of several hundred, have eluded all efforts until Mr. Tomlin got the idea of utilizing the ship's speed in bagging the turtles. All other methods have proven useless unless the vessel was at a standstill.

## DEVIL KEPT SECRET

Mr. Tomlin has kept his method a secret. The accompanying photographs of the device and the turtles that frequent the waters south of Cape San Lucas and through the Gulf of Tehuantepec. The wily reptiles, often sighted in schools of several hundred, have eluded all efforts until Mr. Tomlin got the idea of utilizing the ship's speed in bagging the turtles. All other methods have proven useless unless the vessel was at a standstill.

## GIRL NEAR DEATH

When she alighted near the end of the line, the man also got off. He threatened the girl with a revolver, and brutally choked her. Then he dragged her into a vineyard and attacked her. She is said to be near death in a Pasadena hospital.

## WHITE SLAVE RING CHARGED

### Three Probationary Policemen Arrested in Drive by Oaks; Girl Attack Asserted

The arrest last yesterday afternoon of three probationary policemen, two on charges of contributing to the delinquency of a minor and the third on a charge of felonious attack on the same girl, forms the first result of an extensive investigation into the operations of a white slave ring here, Chief of Police Jackson and Capt. Adams announced.

The white slave ring, which has been operating with the assistance of members of the police department, and the investigation will be pressed vigorously until the guilty men are placed behind the bars.

It was disclosed by Chief Jackson that the investigation has been in progress for some time. It was begun after information had trickled through to police heads that the white slave ring was being operated by members of the department.

Ernest G. Mallock of 1137 West Seventh street; E. F. Murphy, 17 years of age, of 477 North Broadway, and Thomas Moran of the same address and age are the three probationary officers under arrest. The first two are charged with contributing to the delinquency of the minor and the last with attacking her.

The girl victim is Troncia Lenat, 17 years of age, of 1212 South Grand avenue. Shortly after her arrest the three suspects were arraigned before the police trial board, composed of Assistant Chief of Police Huff, Inspector of Police Jackson and Capt. Adams of the University Station. They were

## ANGELENO TO REPRESENT DISTRICT IN ORATORY

### High School Student Wins Contest With Speech on Constitution; Main Contest May 11

Gordon Shallenberger, Los Angeles High School orator, will represent Group F in the grand contest May 11 for the grand prize of \$1500 for the best oration on the American Constitution by students of Southern California. Before a crowd that packed the high school auditorium last night, cheering each of the six contestants, he convinced the judges of his right to the honor for which every high school orator in this district was striving. His subject was "The Constitution."

## HIGH GRADE RUM TO BE DESTROYED

### Cognac From Rheims Will Be Dumped Into Gutter in Conformity to Ruling

Lovers of real French brandy, Cognac. If you please, prepare to weep. More than 1000 bottles of the stuff have been ordered destroyed by the local Federal court.

When the German ship Principe, from Bremen, bound for the Pacific coastwise trade, shoved her nose up to the wharf at the harbor, she had aboard a choice lot of Cognac. It being in violation of the prohibition law to bring liquor into an American port, the brandy was seized and sealed in the rooms of the commander, Heinrich Lucke, who said it was his personal property. Later on the charterers of the vessel asserted that some one was stealing the soothing drinks from behind lock and key. It was then removed to the government warehouse where it still rests—provided it has not "evaporated."

## ANNEXATION IS REJECTED BY BEVERLY

### Real Estate Interests in Losing Fight; Count of Votes 489 to 326

Beverly Hills settled its long-standing annexation fight at the polls yesterday by refusing to be adopted into the Los Angeles family and annexation.

Four hundred and eighty-nine votes defeated the annexation plan, which was supported by 326 voters. Of the 1916 registered voters in Beverly Hills, the total vote cast yesterday amounted to 815.

In the history of mankind, there is one sentiment that stands out clearly above all others. "Love of Freedom" is the spirit in which America was colonized. It is the evolution of this spirit that was the basis of the Declaration of Independence and finally in the Constitution of the United States.

Not the absence of restraint, the right to do as we please. That is not the spirit of freedom. To real freedom, government, above all, is necessary.

By government alone, the privileges of mankind can be protected; his right to life, to liberty, to property, to free government and to equality before the law.

Of these equality before the law is most important. Under the Constitution, it is guaranteed to us. It is the basis of the United States to its most humble citizen, this equality applies. If personal liberty, or property is denied without cause, it may be recovered. Moreover the process of recovery is to be supervised by the courts.

## SHALL WE HAVE BUSES?

### Municipal Organizations Oppose Franchise on Grounds of Traffic Tangle, Higher Fares and Ruined Streets

[This is the third of a series of articles on the bus problem. Others will follow daily.]

The proposal to give the Hellman-McAdoo bus interests a twenty-one-year franchise for the operation of a fleet of huge passenger-carrying vehicles on the city streets at the primaries next Tuesday has brought a general protest from practically every organization which has studied the plan and its disastrous history in other cities.

Among the organizations which have gone on record as opposed to the motor bus here are the Chamber of Commerce, the Automobile Club of Southern California, the Traffic Betterment Association, and a great many others.

Aroused by the attempt to further the traffic tangle with an impossible traffic burden, which the buses would impose, a number of organizations have been formed in the various sections of the city for the express purpose of defeating the bus plan at the polls. These organizations are composed of men

## 1500 Dresses at \$14--Thursday

Dresses for Sports, Afternoon, Street, Business and Evening Wear—

Fashioned of Canton Crepe, Crepe de Chine, Marvelette, Crepe Royal, Printed Crepe, Soft Summer Silks and other materials in the new shades of Lanvin Green, Rosewood, Sandalwood, purple, lavender, blue, Havana, cocoa, taffy, tan, zinc, gray, wild rose, black, brown, jade and other plain colors—

And other Dresses depicting the variations and modifications of what one might term "Ancient, Mediaeval and Modern" patterns—for surely the raiment of "King Tut" in the zenith of his glory was no more gay than some of these—while others are demurely quaint with their simple patterns and quiet colorings—

And the styles are just as varied as the patterns and colors—Included are the new Jabot drape and the hip girdle, the panel banded costume, the new loop side panel so effectively trimming the straight line models, the tight basque with full skirt, the long waisted dress with circular cut skirt, or with plaited skirt—

Dresses trimmed with ribbon panels, set in bands of contrasting material, effective shirrings, beads, tucks, plaitings,—others with quaint nosegays, some with collars and cuffs of lace—

Sizes 16 to 46 in literally hundreds of styles—(and we would particularly stress the unusual number in sizes 42, 44 and 46)—Every Dress of a style and quality unusual at \$14—Thursday—

Electric Plans

to City's Coeffers is  
Edward Haynes

Ordinance to  
be Invalid

City yesterday vetoed an ordinance which gave to the Public Service Commission, represented by Dr. John Hays, the right to use from the city treasury any sum that might be needed in order to carry on the condemnation proceedings against the \$17,000,000 electric system of the Los Angeles and Electric Corporation. The ordinance was based on the fact that, he asserted, the ordinance was an improper use of the city's money.

THEY ALTERED the ordinance in the following manner: "The Board of Public Service Commissioners be, and they are, authorized to use any sum of money that may be needed in order to carry on the condemnation proceedings against the \$17,000,000 electric system of the Los Angeles and Electric Corporation."

THEY INVOLVED the ordinance in the following manner: "The Board of Public Service Commissioners be, and they are, authorized to use any sum of money that may be needed in order to carry on the condemnation proceedings against the \$17,000,000 electric system of the Los Angeles and Electric Corporation."

THEY HALTED the ordinance in the following manner: "The Board of Public Service Commissioners be, and they are, authorized to use any sum of money that may be needed in order to carry on the condemnation proceedings against the \$17,000,000 electric system of the Los Angeles and Electric Corporation."

THEY ALREADY DONE the ordinance in the following manner: "The Board of Public Service Commissioners be, and they are, authorized to use any sum of money that may be needed in order to carry on the condemnation proceedings against the \$17,000,000 electric system of the Los Angeles and Electric Corporation."

THEY WIDENING the ordinance in the following manner: "The Board of Public Service Commissioners be, and they are, authorized to use any sum of money that may be needed in order to carry on the condemnation proceedings against the \$17,000,000 electric system of the Los Angeles and Electric Corporation."

## OVERCONFIDENCE

In a campaign for public office the only mistake greater than lack of confidence is overconfidence. There is real danger that the friends and supporters of Capt. John D. Fredericks, Republican candidate for Congress in the Tenth District, may make the second and bigger error.

It is not sufficient that the active Fredericks workers shall repeat to themselves the fact that Capt. Fredericks is manifestly the man for the job. It is not sufficient that they shall recall the outstanding place he occupies as one of Southern California's foremost citizens and indefatigable civic workers. Neither is it sufficient for his thousands of friends and acquaintances to rest content in their knowledge of his great services to the community at large, to industry and commerce, to the nation.

That Capt. Fredericks is making a genuine personal sacrifice through his willingness to add to his already exceptional record of public service, that he will at once be accorded a place of responsibility and authority in Congress, that he will represent his district, the community of Los Angeles and all of Southern California with an ability and a tireless energy which none may hope to excel are facts that are widely known.

These are assets that commend him stronger than campaign speeches and campaign literature, but, through a political paradox, they also are susceptible of reacting to his political disadvantage; for his political opponents recognize his merits, have full knowledge of his solid strength in this community and in the Tenth District as a whole—and are redoubling their efforts to overcome this handicap to themselves.

Should any other than John D. Fredericks be elected to Congress from the Tenth District next Tuesday, what may the captain's friends and supporters say to themselves or to him?

Simply this: "We were overconfident and, therefore, neglected some of the work we should have accomplished and easily could have accomplished."

Capt. Fredericks should not receive a majority of a few thousand in this Congressional contest; he should be sent to Washington with the overwhelming backing of a district willing to show its quick response to the public-spirited decision of Capt. Fredericks to make his own material welfare secondary to the interests and needs of his fellow-citizens.

There should be no stay-at-home nor go-fishing vote next Tuesday in the Tenth Congressional District. It is squarely up to the campaign workers and the friends of Capt. Fredericks and the loyal Republicans of the Tenth District to get the voters to the polls. Tuesday's special Congressional election is final; the candidate receiving the highest number of votes will be elected. But four or five more days remain in which to do effective work. The untiring, faithful, efficient and sufficient efforts of the Fredericks-for-Congress workers should never be open to a conjecture that too much optimism nullified or even seriously threatened a tremendous Fredericks victory.

**COAL AND METALS**  
The Los Angeles county oil fields are now producing about 10,000,000 barrels per month, or at the rate of 120,000,000 per year. Of course the production for a single month is not an absolute measure to apply to the entire year, but, unless it is necessary to hold production down for marketing reasons or for the lack of storage facilities, it seems reasonable to expect that the oil output of our county for the present year will be 1,000,000,000 barrels, worth for fuel about \$100,000,000.

For many years Pennsylvania has been the leading coal-producing State in the Union, owing to the great production of bituminous and anthracite coal, having in 1916 produced over 170,000,000 tons of the former, worth over \$221,000,000, and over 78,000,000 tons of the latter, worth more than \$202,000,000. However, in that year the bituminous coal output of the Keystone State came from the mines of twenty-seven counties; the greatest value from any one county being less than \$43,000,000. The government reports give the anthracite output of Pennsylvania from "regions," each region being composed of several counties. In 1916 the value of the output of the region leading in the output of anthracite being about \$114,000,000. In the same year—a high one in coal output—the value of the coal mined in West Virginia, the second State in coal production, was under \$103,000,000.

The year 1916 was also a good year in production and values for the metals. The world's production for silver for that year was valued at \$107,519,000 and that of gold for the entire United States less than \$93,000,000. With copper selling in the above year at 24.6 cents a pound our neighboring State of Arizona made a fine record, producing from twelve counties over \$177,000,000 worth of the red metal. In the same year Silver Bow county, Montana, established what is probably a high record for any county of the United States for the production of metals, mining over \$127,000,000 of gold, silver, copper, lead and zinc; a mark which our Los Angeles county oil wells, if they are allowed to produce at full force and there is no great decline in price, may equal or exceed this year as to value of output.

**HUMAN FLUX**  
The human flux has been barred by ordinance from exercising their hair-raising activities in New York. They have the most useless and at the same time most hazardous of occupations. At best they merely congest the street with thousands of pedestrians who are straining their necks in eager expectancy of a fall. When the tumble comes there is nothing left but a little white shawl with "Another Fool" chiseled thereon. If they would exercise their courage, strength and tenacity in constructive occupation they might go much further than the roof of the Woolworth Building—lolly as that may seem.

**STREET TRAGEDIES**  
Chicago has killed 182 persons in motor accidents on the streets of the city since the first of the year, while New York has only hung tombstones on 130 victims. This gives Chicago at least one opportunity to boast of its supremacy over Gotham. However, the town has never heretofore been in the habit of gloating over its dead ones. Nor is it now. It professes to be worried and is asking the co-operation of the Illinois Assembly in the creation of preventive measures before the elections and kind citizens the streets of Chicago or restrict them to the wheelbarrow as a means of transportation it would help a lot, but otherwise the massacre will go on. It must be admitted that if this killing business is based upon the census of the city our own fair town would indicate a percentage that would make the New York authorities look as if they were chained to a tree.

## Courtesy Week Reaction

Bundell

Angels city when its future was still in the doubtful cloud.

The real issue the people will be called to decide upon, however, is not whether any particular railroad or any special shipping line or any private interests or any one residential district will be helped or hindered by the granting of this franchise, but whether it will serve the needs of the community as a whole, whether it will form another link in the endless chain of commerce that is being welded from the harbor of Los Angeles to the uttermost parts of the earth.

A "yes" vote on the proposition infers that the voter believes in the unbroken development of our harbor by increasing its facilities in every legitimate way and that he is in favor of the City Council's action in giving the Santa Fe access to the crowded wharves and growing industries of what is destined to be the great port on the North Pacific Ocean.

The Times believes our foresighted and spirited citizens with no uncertain voice will show where they stand on any issue that involves the future industrial development of greater Southern California. They will welcome and encourage every project that spells more development of our harbor and its shipping industries.

**AMERICANIZING CANADA**  
The Canadian Parliament recently spent an exciting four hours discussing the question of the "Americanization of Canada." A Mr. Hocking of Toronto asserted that Canada is now 300 per cent American, as instanced by the glittering array of American newspapers and periodicals to be encountered on any news stand. These impudently read with American rather than Canadian ideals, as they very naturally exploit the former in their stories. Incidentally, they take out of Canada \$3,000,000 a year, as compared with \$100,000 ten years ago. Inasmuch as Mr. Hocking is himself a newspaper editor the latter fact probably weighs heavily with him.

Various members produced startling statistics to show how the growth of magazines and newspapers in Canada is hampered through American competition. Only one magazine in the Dominion attains to a circulation of 75,000, whereas there are any number of American magazines whose Canadian circulation alone reaches this number. And crowning indignity of all, when a young Canadian literary genius appears on the horizon he is promptly turned away to the States by the attractive salaries offered him there.

Various systems of taxation were proposed to check the influx of American periodicals and enable Canadian competitors to have the field more to themselves. One was to tax them 10 cents a pound and another to tax their advertising contents 15 cents a pound, which was estimated in one magazine alone would net them \$7000 an issue.

The gloom and grief of Mr. Hocking and the proponents of the tax measures was not unanimous, many feeling that it is a mistake to place any impediments in the circulation of literature. The case against the taxation measures was neatly put by Stephen Leacock, the Canadian humorist, who suggested that "We might as well put a tax on the Bible, so as to have a new one written in Saskatchewan."

**CHARMS THAT LURE**  
A Chicago man recently sued for divorce should be able to lay undisputed claim to the combined title of champion Don Juan and gay Lothario of the Western Hemisphere. When his wife filed suit for divorce recently she was not obliged to limit herself to naming any one, two or ten ladies. Her spouse's tastes were exceedingly catholic and, after mentioning numerous society women and servants, she

This is Rains Week—but not for the purpose of the home brew, "understand."

Last quarter in the Congressional elections the Fredericks entry is going strong, under wraps.

A man back East broke all records by setting ten pounds of beef at a sitting, thus proving that he could do it.

It is getting so these days that home is the place where the children are waiting for mother to come home from the parent-teachers' association.

There is no better education than the reading of books, but they have kept us up and reading many a night when we ought to have been in bed.

Prof. Harold Shapley, director of Harvard Observatory, says that the day is being lengthened by about 1-100th of a second every century. This should put a stop once for all to the movement for a shorter working day.

Ever run across an old newspaper clipping that you had laid away many years ago and wonder why you had done so? And if you happen to want a clipping on some subject it is simply impossible to find it. Remember?

Senator Borah and Lord Cecil have called on President Harding and given their exact opposite views in regard to the League of Nations. And we understand the President could be happy with either were rather dear chums.

A number of American cities are already lining up for the honor of entertaining the national convention of the two leading parties in 1924, and among others is San Francisco. The Bay City did so handsomely by the Democrats in 1920 that the leaders are again "rarin' to go" there.

The proposed speaking tour of President Harding is to acquaint the people, especially in the West, with the position of the Chief Executive on some of the issues now commanding the attention of the voters. Like John Alden, Warren Harding proposes speaking for himself. And the people will gladly hear him.

**THIS IS THE DAY**

The first engagement of the Mexican War took place at La Roca, Mex., in the year 1848. In this initial fight a small force of Americans was defeated and Capt. Seth B. Thornton and fifty cavaliers were taken prisoner by the Mexican victors.

The United States made a loan of \$200,000,000 to Great Britain in the year 1917 for use in the war against Germany. This was the first loan made by the United States to one of its associates in the world war.

While it may be held by neutralists that this agreement was su-

perfluous, it is a fact that it was a loan made by the United States to one of its associates in the world war.

The German press has been giving wide publicity to a copy of an agreement signed by the French commissioners at The Hague at a peace conference held before the war. In the agreement the French government pledges itself never to use armed force to collect a debt due from another nation.

While it may be held by neutralists that this agreement was su-

perfluous, it is a fact that it was a loan made by the United States to one of its associates in the world war.

While it may be held by neutralists that this agreement was su-

perfluous, it is a fact that it was a loan made by the United States to one of its associates in the world war.

The German press has been giving wide publicity to a copy of an agreement signed by the French commissioners at The Hague at a peace conference held before the war. In the agreement the French government pledges itself never to use armed force to collect a debt due from another nation.

While it may be held by neutralists that this agreement was su-

perfluous, it is a fact that it was a loan made by the United States to one of its associates in the world war.

## HANAN SHOES

For Men and Women

"QUALITY first" in footwear is instinctive with a large and growing number of people.

Hanan Quality in remaining constant to traditions of 70 years of good shoe making is today meeting and satisfying the demand for true shoe value.

There is no substitute for really good leather nor for the built-in qualities, lasting shapeliness, smartness and comfort found in Hanan shoes.

Good Shoes Are An Economy

## Efficient Housekeeping

BY Laura A. Kirkman

### SOME GOOD CONTRIBUTED RECIPES

Tomorrow's Menu

Breakfast: Stewed Prunes

Wholewheat Griddlecakes

Maple Syrup

Supper: Fruit Cocktails

Broiled Steak

Baked Potatoes

Young Carrots

Strawberry Whip

Supper: Cream Cheese-Nut Sandwiches

Canned Peach Salad

Cocoa

Mrs. W. D. "My Way of Cooking Spinach"

Wash carefully and remove all gritty substance. Put on to cook with just enough water to keep the spinach from burning, and cover. As soon as wilted down to about one-fourth its original bulk, remove from a fire and chop very finely. Now, in a frying pan put one tablespoon of butter, melt it, and add the spinach, onion finely chopped. When the onion is fried to a light yellow color, add the spinach and stir it up. Season with salt and pepper. This method is good for all kinds of greens.

Mrs. D. P. T. "My Biscuits"

One quart of flour, two heaping teaspoons of baking powder, one small teaspoon of salt, sifted together. Work into this dry mixture one-half cup of cold lard, then add one cup of milk and stir with a wooden spoon until smooth. Bake in a greased pan.

Roll out the dough to one inch in thickness, cut with a biscuit cutter which measures about two and one-half inches across and bake in a hot oven for 15 minutes. These are very light.

L. M. A. "Peach Cocktail"

Put into each fruit cocktail glass one peach (canned or fresh) cut in small pieces, add powdered sugar to taste, a few drops of lemon juice, two tablespoons of chopped mint leaves and some chopped ice. Serve immediately.

Grapefruit Cocktail: Mix together shredded pineapple, bananas cut in slices and the slices cut in quarters, strawberries cut in halves—enough to make two cups of the mixture in all. To one cup of grapefruit juice add one-half cup of water, three tablespoons of apricot juice, one-half cup of sugar and a pinch of salt. Pour this over the fruit mixture. Chill. Serve in cocktail glasses and garnish with candied cherries (and rose petals if for a guest dinner).

Raisin Cocktail: Cover one-half cup of raisins with one-fourth cup of orange juice and let stand one hour. Add one cup of thick strained and sweetened cream, or one cup of stewed and strained rhubarb, and one cup of cold water. Mix well and serve ice cold.

All recipes submitted to Mrs. Kirkman in the "Efficient Housekeeping" department are subject to her selection. The editor reserves the right to use or not use any recipe as she sees fit. A stamped and addressed envelope will be returned to the contributor. No return is made for the same of your city and state.

Complete the drawing by tracing from figure one to two and so on to the end. Then use your crayons or water colors and see how nicely you can color it.

Club Woman to Present Needs for Bond Issue

Parent-Teacher Association members are taking an active interest in the county bond issue.

Mrs. C. M. McRobert, president of the Los Angeles City Federation of Parent Teachers' Associations, is the latest to endorse the bond issue.

There is no question as to the need of this bond issue," Mrs. McRobert said yesterday. "I am sure that there is a large majority of the voters in our country who favor the bonds but the important thing is to impress upon them the necessity of going to the polls on May 1 and voting 'yes'."

Mrs. Charles M. Kite of South Pasadena, another prominent member of the First District Parent Teachers' Association, will present a summary of conditions at the County Hospital, County Farm, Olive View Sanatorium and the County Jail to the association members, in order that they may know the need for additional funds at these institutions. The first district association will meet on Thursday and Friday in Los Angeles.

Gen. Johnston Weds in Paris, Friends Learn

Announcements of the marriage in Paris March 17 of Brig.-Gen. William H. Johnston were received by his friends here yesterday. Missabella Gros was the bride and the marriage took place in the church of St. Thomas d'Aquin, the announcements said. They were married in Italy, where the couple is assumed to be on their wedding trip.

Gen. Johnston, who held the war rank of major-general, was commander of the Ninety-First Division, A.E.F. in which more than 15,000 Southern California men served. This division contained the bulk of the Pacific Coast troops.

CITY FUNDS ASKED FOR MUSIC WEEK

A request for an appropriation of \$1500 has been filed with the Los Angeles City Council by the Los Angeles Music Week Committee for the purpose of carrying out the celebration of Music Week, May 19 to May 26, inclusive.

The request was signed by Ben F. Pearson, chairman of Music Week committee, F. G. Leonard, E. P. Tucker and W. R. Guiberson. The letter to the Council contained the following explanation:

"We are using Music Week this year to crystallize public sentiment to the end that Los Angeles will erect a Temple of Music and Art including the much-needed municipal auditorium. All music and art-loving people and organizations are participating in this sentiment. To this end the co-operation of every individual and organization in the activities of the week is greatly urged. It is expected that thousands will participate in the program."

POSTER PRIZES TO BE GIVEN

A committee of prominent artists will today judge posters submitted by University of Southern California art students in a contest announced recently for the U.S.C. \$10,000,000 campaign. The posters were drawn for use as campaign advertising mediums.

Dan R. Miner, local advertising expert, has been named chairman of the poster committee. He selected Charles Everett Johnson, nationally known Chicago illustrator; C. E. Rutland, Hollywood commercial artist; and Karl Ahl, another prominent artist, as judges.

## Housewives Glad to Know New Way of Getting Beautiful French Finish in Their Garments

EVERY woman knows how provoking it is to work with starch that forms a thick, sticky jelly when it cools, and smears and clogs, and makes your iron stick when you try to iron.

All these drawbacks to easy, satisfactory work have now been overcome with Lint, the new scientific starch discovery.

Lint is made by an improved process that keeps it a thin paste for hours, even after cooling. It cannot possibly clot or smear.

Lint penetrates the fabric, reinforces the strength of the material, helps prevent wear, and prolongs the life of the fabric.

You will be interested to know that Lint was originally developed for the use of the great Collar and Shirt Makers to give that smartly fashionable finish now so much in vogue.

With Lint you can have your shirt waists look as crisp as new. The children can have their garments finished in the dearest style, equal to the most beautiful French finish.

Lint is just as easy to use as any ordinary starch, and can be used on every kind of fabric—whether lawn, cotton, linen, gingham, lace or curtains.

Ask your grocer for Lint, today. He has it.

Lint is made by the Owen Products Refining Co., 17 Battery Place, New York—makers of the famous Agra and Kluge's Starch—Karo Syrup and Minute Tapioca and Cooking Oil.

Club Woman to Present Needs for Bond Issue

Parent-Teacher Association members are taking an active interest in the county bond issue.

Mrs. C. M. McRobert, president of the Los Angeles City Federation of Parent Teachers' Associations, is the latest to endorse the bond issue.

There is no question as to the need of this bond issue," Mrs. McRobert said yesterday. "I am sure that there is a large majority of the voters in our country who favor the bonds but the important thing is to impress upon them the necessity of going to the polls on May 1 and voting 'yes'."

Mrs. Charles M. Kite of South Pasadena, another prominent member of the First District Parent Teachers' Association, will present a summary of conditions at the County Hospital, County Farm, Olive View Sanatorium and the County Jail to the association members, in order that they may know the need for additional funds at these institutions. The first district association will meet on Thursday and Friday in Los Angeles.

Gen. Johnston Weds in Paris, Friends Learn

Announcements of the marriage in Paris March 17 of Brig.-Gen. William H. Johnston were received by his friends here yesterday. Missabella Gros was the bride and the marriage took place in the church of St. Thomas d'Aquin, the announcements said. They were married in Italy, where the couple is assumed to be on their wedding trip.

Gen. Johnston, who held the war rank of major-general, was commander of the Ninety-First Division, A.E.F. in which more than 15,000 Southern California men served. This division contained the bulk of the Pacific Coast troops.

CITY FUNDS ASKED FOR MUSIC WEEK

A request for an appropriation of \$1500 has been filed with the Los Angeles City Council by the Los Angeles Music Week Committee for the purpose of carrying out the celebration of Music Week, May 19 to May 26, inclusive.

The request was signed by Ben F. Pearson, chairman of Music Week committee, F. G. Leonard, E. P. Tucker and W. R. Guiberson. The letter to the Council contained the following explanation:

"We are using Music Week this year to crystallize public sentiment to the end that Los Angeles will erect a Temple of Music and Art including the much-needed municipal auditorium. All music and art-loving people and organizations are participating in this sentiment. To this end the co-operation of every individual and organization in the activities of the week is greatly urged. It is expected that thousands will participate in the program."

POSTER PRIZES TO BE GIVEN

A committee of prominent artists will today judge posters submitted by University of Southern California art students in a contest announced recently for the U.S.C. \$10,000,000 campaign. The posters were drawn for use as campaign advertising mediums.

Dan R. Miner, local advertising expert, has been named chairman of the poster committee. He selected Charles Everett Johnson, nationally known Chicago illustrator; C. E. Rutland, Hollywood commercial artist; and Karl Ahl, another prominent artist, as judges.

Everything for Convenience

If a wire hook is seen on the clothespin bag, it can be hooked on the washline and pushed along in front of you when you hang out clothes.

## Housewives Glad to Know New Way of Getting Beautiful French Finish in Their Garments

EVERY woman knows how provoking it is to work with starch that forms a thick, sticky jelly when it cools, and smears and clogs, and makes your iron stick when you try to iron.

All these drawbacks to easy, satisfactory work have now been overcome with Lint, the new scientific starch discovery.

Lint is made by an improved process that keeps it a thin paste for hours, even after cooling. It cannot possibly clot or smear.

Lint penetrates the fabric, reinforces the strength of the material, helps prevent wear, and prolongs the life of the fabric.

You will be interested to know that Lint was originally developed for the use of the great Collar and Shirt Makers to give that smartly fashionable finish now so much in vogue.

With Lint you can have your shirt waists look as crisp as new. The children can have their garments finished in the dearest style, equal to the most beautiful French finish.

Lint is just as easy to use as any ordinary starch, and can be used on every kind of fabric—whether lawn, cotton, linen, gingham, lace or curtains.

Ask your grocer for Lint, today. He has it.

Lint is made by the Owen Products Refining Co., 17 Battery Place, New York—makers of the famous Agra and Kluge's Starch—Karo Syrup and Minute Tapioca and Cooking Oil.

Selling Representatives: JOHNSON, CARVELL & MURPHY, 247 E. Central Ave., Los Angeles, Cal.

## CHAMBERLAIN'S TABLETS FOR CONSTIPATION

Amazingly Prompt and Dependable

Have a thoroughly cleansing and wholesome effect on the Colon and smaller intestines, preventing the accumulation of poisonous waste matter in these organs, that if not moved regularly, is re-absorbed into the system, with all the evil effects of auto-intoxication.

For it is here that the actual harm and poisoning of constipation takes place, and it is this evil that Chamberlain's Tablets so successfully remove. No griping, nausea or unpleasant after effects.

Small cost - only 25c. Sold everywhere.

## HOTEL ASTOR

Time-Saver for Host

In the public rooms of the Astor you are in touch with the brilliant panorama of New York life in your own room. You enjoy the comfort and seclusion of the ideal home.

To have stayed at the ASTOR is to have lived in NEW YORK.

## PROGRAM GIVEN BY MONROVIANS

Town's History and Progress  
Are Told Over KHJ

Singers and Musicians Put  
Spirit in Offerings

Talented Youngsters Give  
Pleasing Concert

BY BEN A. MARKSON  
Displaying the splendid spirit of their community, a group of artists from Monrovia last night presented a program at KHJ.

The arrangement was through the courtesy of the Monrovia Chamber of Commerce. Aside from the concert features of the program, listeners-in heard facts of interest concerning the history and progress of Monrovia told by John R. Wiley of the Monrovia Daily News.

Varied musical features were presented. Of note was the singing by Mrs. George W. Turpin, mezzo-soprano, accompanying herself she favored with "Values," by Vanderpool, and "Wait Till Ah Put on My Crown," a negro spiritual. Her voice has a clear, melodious quality and good carrying power.

Harold Scott, violinist, accompanied by Mrs. Harold Scott, gave rich volume and sweetness of tone to the rendition of "Adoration," by Borowski, and "Cadiz," by Abenis. Three excellent tenor solos were sung by A. J. Wickland, with Mrs. A. J. Wickland at the Knabe. Mr. Wickland's voice is full and pleasing and of a flexibility suited to the interpretation.

**DUET WELL LIKED**  
Stirring beautiful were clarinet selections played by Ray Lockwood, with Miss Beulah Littlejohn accompanying. "Minuet," by Beethoven, and "Whispering Flowers," by Von Blon, enriched by a flute obligato by Ralph Denmore.

"Lo, Here the Gentle Lark," by Bishop, arranged for flute and clarinet by Fred Laz, was given by Mr. Lockwood and Mr. Denmore in a duet of exquisite melody. The clarinetist also played a solo number, accompanied by Miss Littlejohn.

Clara E. Ingram, pianist, a pupil of Olga Steeb, contributed her brilliant piano artistry to the success of the Monrovia program. She brings out a suave tone coloring and vivid expression. Her selections included "Scherzo in B Flat Minor," by Chopin, "Rigaudon," by MacDowell, and "Gavotte," by Gluck-Brabins.

**VETERAN RETURNS**  
The noon program was one of distinctive entertainment, bringing to KHJ after a lapse of several months a "charter member" of the first program's broadcast, namely J. C. Dodelan.

Mr. Dodelan, long known throughout the Southland, met with an accident and was confined to his bed for months. He came to the studio on crutches yesterday noon, but apparently has lost not a jot of his cheerful, vigorous personality. Accompanied by his daughter,

RECESSION

TODAY'S PROGRAM

12:30 to 1:15 p.m.—A. King Lehr, lyric tenor, accompanied by Mrs. Billy Smith, will sing "Wonderful One," "Flower of Araby," "Lonesome, That's All," "Just a Little Blue for You," M. Bertrand Howard, saxophonist, will play selected numbers.

4 p.m.—Memory contest under management of Fitzgerald Music Company and Raymond Harmon.

4:45 to 7:15 p.m.—W. Scott Lewis, lecturer, will talk on "A Trip to the Moon." The Loomis (Maxine and Virginia), 5 years of age, will sing "After Every Party," "You Got to See Mamma Every Night," "Peggy Dear," "Carolina in the Morning," "I Love You Truly," "Uncle John's bedtime story."

8 to 10 p.m.—Gardner and Russian program. Los Angeles Trio, May MacDonald Hope, pianist; Calman Dubovski, violinist; Ilya Bronson, cellist, will play one movement of Haydn's trio in G Major, Medelsky's trio, Arensky's trio and Tachikowsky's trio.

Charles Henri de la Plante will sing "Nur war die Sehnsucht kennt," by Tachikowsky; "The Pilgrim Song," by Tachikowsky; "Still wie die Nacht," by Bohm, and "Du bist eine Blume," by Schubert.

**RECESSION TAKEN**

The hearing of the case of Frank A. Garbutt, H. T. Rudisill and Dr. James H. Miller, accused at Phoenix, of technical misuse of the mails in connection with the promotion of the Schuykill mine, recessed last evening until May 15.

**Those Entrancing Lomis Twins**

Testimony that her husband had allowed an announcement of his impending marriage to another woman to be published in Long Beach newspapers won a divorce yesterday for Edith C. Russell.

By Harry E. Russell in Judge Summerfield's division of the Superior Court.

Mrs. Russell testified that she was amazed to pick up a paper one day and find an announcement to the effect that a shower was to be given for Miss Charles Norton, who was soon to wed H. E. Russell.

Being convinced that the man named was her husband, she said, Mrs. Russell called up Miss Norton and told her that the man she intended marrying was already married. Miss Norton refused to listen to her explanation, she said, and hung up.

The couple were married in Winthrop, Feb. 1, 1916, and separated August 2, last.

**USED WIFE AS TARGET.**

SHE ASSERTS IN SUIT

Item: One pack of playing cards.

Item: One dish rag.

Item: One dinner coat.

Item: One shoe tree.

Further items: One clothes hanger, one alarm clock, one hand mirror, several dishes.

These things and others Henry C. Tenfeldt threw at his wife Barbara in various and sundry fits of anger and annoyance, she asserted yesterday in a divorce suit filed in Superior Court. He capped the climax, she asserted by threatening to shoot her.

**You'll Enjoy Mr. Lehr's Voice**

## Buying good printing is hard—or it isn't

Every good piece of printing that you ever saw is the result of somebody insisting on quality.

There are firms in this country that buy thousands of dollars' worth of printing, and everything they put out is extremely well done. Good printing pays them best, and that is the only kind they want.

Buying good printing is easy for them because they don't do any of the things that inevitably result in a disappointing job.

They know that good printing needs a craftsman to produce it, so they deal with printers who concentrate on better printing.

All their direct advertising is done with a definite purpose. They know what their purpose is and they order their printing sufficiently well in advance to avoid hurried, hurried work.

They know that Better Printing requires Better Paper, and their printers are familiar with standard brands of printing papers and the kinds of work for which the different grades are suited.

You know what a "broadside" is—a large folded sheet, printed on one side with no confinement to columns and usually containing the announcement of some business news or the offer of some deal.

There are good broadsides and there are poor ones, and there are things to do and things to avoid doing, in the production of an effective broadside.

**better  
paper  
and  
better  
printing**

S. D. WARREN COMPANY has prepared a book on the preparation and use of the broadside in direct-by-mail advertising. Copies may be secured from any paper merchant who sells Warren's Standard Printing Papers.

A Monthly Cash Income For Life

Life's darkest hours may be lighted by carrying a Pacific Mutual (5-way) policy. Shadows cast by misfortune will be quickly dispelled. A monthly cash income is assured YOU and YOURS throughout life.

The Pacific Mutual Life is the oldest and largest insurance company of the Pacific Coast. Its assets are \$73,000,000 and insurance in force over \$400,000,000. In Southern California alone it has won the favor of over fifty thousand patrons. During the first ninety days of this year the local written business totaled over ten millions—two and one-half millions more than for the corresponding period last year. The policy is largely responsible for this growth.

## 330 Garments in an Exceptional Thursday Sale-Event

## 175 Spring Frocks at \$27.50 and \$47.50

AS DIVERSIFIED as the mode itself, as recent as the season, and as desirable as beautiful fabrics, fashions and colors could make them.

175 Spring Frocks for every informal occasion on the social calendar, and for every age, type, or taste.

And either of these two low prices will obtain them on Thursday—frocks which just a few days ago were priced far higher.

For sports, for street, for afternoon and dinner wear—there are Frocks which the most exacting tastes will approve. Every one of them was new this spring. Many of them have been in stock but a very short time.

Frocks pleated, draped, embroidered, tucked or ruffled. Printed frocks for sports and street. Lace Frocks for dinner wear.

The colors: white, gray, black, beige, navy, brown, faile crepe, roshanara, satin, taffeta, georgette, lace.

There will be sizes from 14 to 46—but not all sizes in each style.

Frocks—\$27.50 and \$47.50. At Robinson's—Thursday.

## Coats, Capes, Wraps and Frocks

ANTICIPATING SPRING AND SUMMER NEEDS, MAKING POSSIBLE SAVINGS OF A REMARKABLE SORT, THIS THURSDAY EVENT AT ROBINSON'S SHOULD ESTABLISH A NEW PRECEDENT IN SALE ANNALS.

THERE WILL BE AN EXPOSITION AND A DISPOSAL—IN FACT, AN EVENT—OF LATE FASHIONS IN COATS, CAPES, WRAPS AND FROCKS, AT PRICES OF MORE THAN EXCEPTIONAL LOWNESS. PRICES WHICH IN MANY CASES ARE HALF AND LESS THAN HALF THE ORIGINAL ONES.

YET EVERY GARMENT TO BE DISPLAYED WAS RECEIVED THIS SPRING — IS THEREFORE, NEW AND IS FASHIONABLE AND BEAUTIFUL.

SURELY AN EVENT, IN EVERY SENSE OF THE WORD, AN EVENT OF WHICH ALL FAR-SIGHTED SHOPPERS WILL TAKE ADVANTAGE. AT ROBINSON'S ON THURSDAY.

## Capes and Wraps \$47.50, \$67.50 and \$87.50

165 in quantity—beautiful and high in quality—almost unlimited in variety. Such are the Coats, Capes and Wraps awaiting Thursday shoppers at Robinson's.

And their prices will be the most extraordinary thing about the event.

165 Coats, Capes and Wraps in styles launched this spring—styles to be worn the coming summer and autumn. In wool fabrics whose beauty is equaled only by their own high quality. Fabrics of deep-piled, gleaming richness, warm enough for cold evenings, light enough for warm-weather comfort.

Every kind of Coat, Cape or Wrap which one could imagine is to be found among them. Plain or fur-trimmed. With lines straight, flowing, clinging or circular. Belted, unbelted, or tied at the side. In all the desired spring shades, light or dark.

With trimming in the form of pin-tucks, fluted ribbon, embroidery, braiding, inter-laced strips of self material. With wide sleeves, narrow sleeves, flowing sleeves or no sleeves at all.

And in many shades of tan, gray, brown and blue—as well as black. A few brushed wool sports models are included. The size range is broken—but includes sizes from 14 to 46.

**Beautifully Good**

TO be beautiful and good is the most desired couplet of qualities, whether it be in a woman, an automobile or a roof. To build into a roof both beauty and goodness is to call into use Pioneer Shingles. Their rich beauty of unfading red or green or gun metal, and the goodness that has been built into them of durable, economical protection against the devastating fire demon and the driving rain make them worthy of the pride and trust you will feel in them.

Pioneer Shingles are slate surfaced, non-fading and require no painting. They are economical for there is no maintenance cost and they last for years and years.

## BOYS HELD ON CHARGE OF ROBBING

Youths Identified as Pair  
Who Stole Car and Forced  
Victim to Cash Check

By a "Times" Staff Correspondent  
LONG BEACH, April 24.—With the arrest today of John Allen, 17 years of age, and Merritt Dumond, 18, Long Beach police believe that they have put an end to a series of highway robberies in the north end of the city which have terrorized motorists for the last two weeks. Both youths are being held for investigation in connection with the robberies and tonight had been identified, according to the police.

J. B. Phillips declared that Dumond was the man who accompanied J. T. Skinner, prominent Long Beach business man, to a drug store on the night of the 18th inst., when, as Skinner told police, he was forced by his companion to cash a check for \$50. His youthful companion carried a gun in his pocket and had threatened to kill him if he did not cash the check, Skinner declared. Phillips is a friend of Skinner and remembered having seen Dumond with Skinner at the drug store, he told police. Skinner was out of the city today and police were unable to get in touch with him to establish the positive identification of Dumond.

According to police records, Skinner was held up by two men on the night of the 18th inst., his car taken and he was forced to cash a \$50 check by the robbers, one of whom went so far as to accompany him to the store to see that the check was cashed. He was made to cash a check by the robbers when they found their victim without cash, Skinner reported to the police.

Although Allen has not as yet been connected with the Skinner case, G. W. Hunt, garage man, has identified him as one of two men who held him up a few days previous. The garage man was unable to identify Dumond but was positive in his statements of Allen's identification.

Allen and Dumond were arrested by Detective Sergeants Costigan and A. H. Smith at a pool room.

## JURORS IN DEADLOCK DISMISSED

Policeman Charged With  
Murder to Have Retrial  
Starting Friday

A jury of four women and eight men yesterday was unable to agree in the case of W. A. Cornelius, former policeman, charged with the murder of Gilbert Greenwell, and Judge Sherk discharged them when they reported a deadlock at 4 p.m.

The case went to the jury at 10 o'clock yesterday morning, after final arguments had been presented by R. Moorfoot, attorney for Cornelius, and Dep. Dist. Atty. Howell.

The District Attorney's office at once announced that Cornelius would be tried again, and Judge Sherk set Friday as the day for beginning the new trial.

Greenwell was shot and killed on a downtown street last January 14. Cornelius admitted the shooting, but offered a plea of self-defense. He testified on the stand that he had shot Greenwell after the slain man had struck him in the jaw.

The chief point of issue in the trial was the testimony of Lester Lewis, a room-mate of Cornelius. Lewis testified that he had been an eye-witness of the shooting, and corroborated Cornelius's account of the affair. But other witnesses stated that Lewis had not been present.

The dispute which led to the shooting started when Greenwell approached Cornelius and asked for a match. Cornelius refused to give him the match, and an argument followed.

## WRITER FOUND DEAD IN HOTEL BY FRIEND

ACUTE ALCOHOLISM GIVEN  
AS CAUSE AFTER  
EXAMINATION

George A. Fraiser, 60 years of age, said to be a free lance writer, was found dead in his room at a hotel at 818 W. 11th street, last night by his roommate George A. Brooks.

According to Brooks's story to Detective Lieutenant Durland and Smith he and Fraiser had been on a protracted drunk for three days. Brooks said he sobered up enough to leave and when he returned he found Fraiser dead. Police, after viewing the body, said death was due to acute alcoholism. The body was taken to Button Brothers, undertakers.

## UNIDENTIFIED BODY DISCOVERED IN DITCH

The body of an unidentified man about 65 years of age was found lying in a ditch near Sichel street and Mission Road late last night. Death was apparently due to natural causes, according to police. No marks of identification could be found. The man was clad in a white jumper, like that worn by street sweepers. He weighed about 150 pounds, had a gray mustache, was fair and slightly bald. The body is being held at Carroll W. Key's, undertaker.

## PORTER FOTS CHIEF

An argument between a Japanese chef and a Spanish porter over which should answer the telephone at a Broadway cafeteria where they were employed yesterday sent the chef to the Receiving Hospital with a badly lacerated head and the porter to the City Jail on a charge of assault with a deadly weapon. The weapon in question is declared to have been a heavy copper pot. The chef is George Takahashi. The porter is Jesus Escobedo.

[POLITICAL ADVERTISEMENT]

## FACTS vs. FAKING

The People's Motorbus Company is doing its own advertising, under its own name, and paying for it itself. Who do you suppose is behind the huge advertisements appearing under the bogus names of "Traffic Betterment Association" and "Clear Streets Protective League" and costing tens of thousands of dollars? Who? Why doesn't the railway monopoly come out from under cover of its fake advertising? Answer: It would then have to tell the truth, which would be fatal to its present purpose.

Here Are Cablegrams and Telegrams From

# Three Great Cities

Regarding the Operation of Motorbuses in Those Cities

## No. 1—London, England

LONDON CABLE VIA SAN FRANCISCO

March 21, 1923

Marco H. Hellman, President People's Motorbus Company,  
Los Angeles, Cal.

Motor busses London very successful during eighteen years' existence.

(Signed) LORD MAYOR.

## No. 2—New York City

New York, April 4, 1923

Marco H. Hellman, President People's Motorbus Company,  
Los Angeles, Cal.

Transportation by motor busses has proven a great success in New York City. Three hundred busses are operated under city supervision.

(Signed) GROVER A. WHALEN  
Commissioner Dept. of Plant and Structures.

## No. 3—Detroit, Michigan

Marco H. Hellman, President People's Motorbus Company,  
Los Angeles, Cal.

Detroit Motorbus Company of this city started service in June, 1920, which met with the approval of the riding public generally to such an extent that the service has been gradually extended and has been very satisfactory to citizens and local officials.

(Signed) JOHN C. LODGE, Acting Mayor.

Shall Los Angeles Lag Behind? It's for You to Decide May 1

## No Fooling! No Faking! Just Plain Facts!

AND real service to the people. 125 motor busses to start—every section of the city, tributary to the business area, soon to be served. A seat for every passenger. No congestion downtown—as the paid railroad advertisements tell you—for the simple reason that the People's Motorbus Company has applied for no franchise and does not intend to operate lines in the business district—First to Eighth street—Los Angeles to Olive streets!

## PEOPLE'S MOTORBUS COMPANY

Marco H. Hellman, President

209-10-11-12 Grosse Bldg., Los Angeles, Cal.
